Iraqi Government activates customs duty law and issues new sales tax instructions

On 4 June 2015, the Iraqi General Secretariat of the Council of Ministers announced that the Council has resolved to approve the imposition of customs duties and sales taxes with effect from 1 August 2015. Customs duties and sales taxes are to be collected at all points of entry without exception, in accordance with Article 33 of the 2015 Federal Budget Act.

This follows the publication of the Iraqi Federal Budget Act in the official Iraqi Gazette on 16 February 2015. The budget includes several articles intended to raise revenues and increase borrowings in order to address the projected deficit consequent to the decline in global oil prices.

Article 33 introduces sales tax on specific items detailed below and also serves to activate the:

- Customs Duty/Tariff Law No. 22 of 2010, as amended
- Consumer Protection Law No. 1 of 2010
- Iraqi Goods/Products Protection Law No. 11 of 2010

Customs duty

Although Iraq’s Custom Duty Law No. 22 of 2010 was published in the official Iraqi Gazette on 6 December 2010, its implementation was postponed. As a result, the 5% Iraq reconstruction levy introduced by the Coalition Provisional Authority (CPA) has continued to apply. The new law that is expected to apply from 1 August 2015 introduces customs duty rates ranging from 5% to 40%.

Sales tax

The Minister of Finance has issued new sales tax instructions (Instructions No. (5) of 2015), which are applicable from the date of publication in the official Iraqi Gazette, 4 May 2015.
However, the recent announcement from the Council of Ministers suggests that the practical application will be from 1 August 2015.

The following table provides a summary of these sales tax instructions, the applicable rates, the filing requirements and due dates:

Uncertainty remains over how the GCT will implement these instructions, and copies of all of the required sales tax returns referenced within the instructions have not yet been made available to taxpayers.
