当今的世界，百年变局加速演进，新一轮科技革命和产业变革正重塑全球竞争格局，科技创新成为各国应对国际竞争、推动经济转型的核心战略。今日的中国，正站在“十五五”规划谋篇布局的新起点，二十届四中全会擘画“十五五”发展蓝图，明确对“加快高水平科技自立自强，引领发展新质生产力”进行专章战略部署，为中国式现代化注入强劲动能，中国正以自身特色的发展为复杂动荡的世界经济注入信心与力量。

值得关注的是，国家有关部委曾围绕科学编制“十五五”规划，聚焦科技创新领域，听取科技型民营企业意见和建议，彰显出国家对民营企业布局新兴和未来产业、开展科技攻关的重视和支持。今年五月，《民营经济促进法》的正式施行，为民营企业创造了更加稳定、透明的法律环境，让企业家们安心经营、专心发展、全心创新。

“十五五”的号角已吹响，民营企业重任在肩，大有可为。回首改革开放40多年来，中国民营经济从无到有，由弱至强，为国家贡献了超过50%的税收、60%的GDP、70%的技术创新、80%的城镇就业、90%的企业数量¹，尤其是在彰显中国制造业竞争力的“新三样”——新能源汽车、锂电池、光伏产品出口中，民营企业贡献比例超过一半²。这一切成就的背后，是一代代“敢为天下先”的企业家们，他们的勇气、智慧与坚守，是驱动中国科技创新、实现经济高质量发展的关键动能。

今年适逢“安永企业家奖”在中国内地、香港和澳门举办二十周年。二十年来，我们紧扣国家经济建设脉搏，为企业家们搭建起交流与合作的平台，见证了中国民营经济的蓬勃发展和中国企业家们攀登全球产业链高峰的奋斗英姿，众多满怀创业与报国激情、为国家繁荣和社会进步做出卓越贡献的优秀企业家荣膺“安永企业家奖”。今年的评选活动以“二十载不忘初心，新时代筑梦前行”为主题，致敬在风云变幻中始终保持战略定力、在产业变革中勇于开拓创新的企业家。他们以初心为舵，以创新为帆，扎根主业，做精做深，锐意创新，应对变革，在新时代的壮阔航程中奋楫争先、勇立潮头。今年的获奖者不仅有来自制造业等传统产业领域的企业家，更有涌现于人工智能、芯片、生物科技、互联网服务业等战略性新兴产业的企业家，他们或在传统领域推陈出新，或在新兴领域开疆拓土，无不展现出民营经济的发展活力与强劲韧性。

穿越时代变革，“安永企业家奖”作为一个弘扬企业家精神、挖掘创新思路、促进交流合作的标杆平台，始终秉持创立初心，着眼于国家发展战略，凝聚创新合力，推动新经济发展。创新与发展永无止境，二十载积淀，皆为序章，展望未来，皆有可期。下一程，“安永企业家奖”将继续讲述从愿景到实践直至成功的企业家创业创新创优创收故事，携手新时代优秀企业家群体践行新发展理念，勇担新时代使命，助力推动新质生产力发展和中国式现代化经济体系建设，为构建更具韧性、更加包容的全球商业生态贡献中国智慧与力量。

二十载不忘初心，新时代筑梦前行！

Across eras of transformation, the EOY program has remained a benchmark for championing entrepreneurship, uncovering innovative ideas, and fostering collaboration.

Today, the world is undergoing profound transformation at unprecedented speed. A new wave of scientific and technological revolution and industrial change is reshaping the global competitive landscape, and innovation has become the core strategy for countries to respond to international competition and drive economic transformation. China now stands at a new starting point as it plans for the 15th Five-Year Plan, following the blueprint set out at the Fourth Plenary Session of the 20th CPC Central Committee. The session clearly outlines a dedicated strategy to “accelerate high-level sci-tech self-reliance and guide the development of new quality productive forces,” injecting strong momentum into Chinese-style modernization. In doing so, China is contributing confidence and strength to a turbulent global economy through its unique development path.

It is worth noting that, when formulating the 15th Five-Year Plan, relevant national ministries consulted technology-focused private entrepreneurs on innovation-related topics. This reflects the government’s emphasis on and support for the role of private enterprises in developing emerging and future industries and tackling key technological challenges. Furthermore, the implementation of the Private Sector Promotion Law of the People’s Republic of China in May this year has created a more stable and transparent legal environment, enabling entrepreneurs to focus on operations, development and innovation with confidence.

With the 15th Five-Year Plan officially underway, private entrepreneurs face both great responsibility and vast opportunities. Over more than 40 years of reform and opening-up, China’s private sector has grown from nothing to a position of strength, contributing over 50% of tax revenue, 60% of GDP, 70% of technological innovation, 80% of urban employment, and 90% of enterprises¹. In the export of the “new three” which are new energy vehicles, lithium-ion batteries and photovoltaic products demonstrating the competitiveness of China’s manufacturing, private enterprises account for more than half². Behind these achievements are generations of entrepreneurs who “dare to be the first.” Their courage, wisdom and perseverance have been critical drivers of China’s technological progress and high-quality economic development.

This year marks the 20th anniversary of the EY Entrepreneur Of The Year (EOY) program in the Chinese mainland, Hong Kong and Macau. For two decades, we have stayed aligned with national development priorities, building a platform for entrepreneurial exchange and collaboration. We have witnessed the thriving growth of China’s private economy and the ascent of Chinese entrepreneurs to the forefront of global value chains. Many outstanding entrepreneurs, driven by innovation and a deep commitment to national prosperity and social progress, have been recognized with the EOY award. The theme of this year’s program is “Two decades of unwavering strength; Forging ahead in the new era”. It pays tribute to entrepreneurs who have maintained strategic focus amid uncertainty and led innovation during industrial transformation. Guided by purpose and propelled by innovation, they remain deeply committed to their core businesses, pursuing excellence, pushing boundaries and navigating change with resilience. This year’s award winners include leaders not only from traditional sectors such as manufacturing but also from strategic emerging industries including artificial intelligence, semiconductors, biotechnology and internet services. Whether reinventing traditional fields or breaking new ground in emerging ones, they embody the vitality and resilience of China’s private economy.

Across eras of transformation, the EOY program has remained a benchmark for championing entrepreneurship, uncovering innovative ideas and fostering collaboration. Staying true to its founding mission, it aligns with national strategies, brings together innovation-driven forces and supports the development of the new economy. Innovation and development are continuous journeys and these 20 years are only the preface to what lies ahead. Looking forward, the EOY program will continue to tell the stories of entrepreneurs, from vision to action to success, and work alongside a new generation of business leaders to embrace new development concepts, shoulder new-era responsibilities and contribute to the growth of new quality productive forces and the modernization of China’s economy. Together, we aim to build a more resilient and inclusive global business ecosystem, powered by Chinese wisdom and strength.

With two decades of unwavering strength, we forge ahead in the new era!

安永企业家奖

“安永企业家奖”是一项享誉全球的企业家奖项。创办近40年来，奖项旨在表彰优秀企业家，为企业家搭建交流平台，助力企业家实现宏图伟业。

“安永企业家奖”发掘和表彰在创新、财务增长、可持续发展等领域成就斐然，并积极践行对企业和社会承诺的企业领导者。自1986年创办以来，奖项已扩展至逾94个国家和地区，全球有超过3万名企业家获此殊荣。

和其他同类商业奖项不同，“安永企业家奖”不仅在不同国家和地区颁发，大奖得主还将代表所属国家或地区参加翌年举行的全球颁奖活动，角逐万众瞩目的“安永全球企业家奖”殊荣。

“安永企业家奖”于2006年首次在中国内地、香港及澳门举办，目前已成为在业界广受认同的奖项。评选活动发掘和表彰优秀企业家的同时，积极弘扬新时代企业家精神，凝聚企业家力量，为中国经济高质量发展献计献策。

作为全球最具影响力的企业家奖项之一，“安永企业家奖”凭借其权威性，显著提升获奖者及其企业的国际声誉及社会影响力。

通过国内外媒体的广泛报道，获奖企业家及其品牌获得高频曝光，有效提升了在客户、投资者、合作伙伴及员工群体中的美誉度。获得该奖项已成为彰显企业实力与发展潜力的权威背书。

获奖企业家将加入安永企业家协会，共享全球商业资源与人脉网络，获得专业服务，把握行业洞察。

EY Entrepreneur Of The Year

EY Entrepreneur Of The Year (EOY) is the only global program of its kind for entrepreneurs. With a legacy of nearly 40 years, this flagship initiative celebrates, connects and supports entrepreneurs as they unlock their ambitions.

EOY honors leaders who demonstrate excellence in areas such as innovation, financial performance, social responsibility and personal commitment to their businesses and communities. Since its inception in 1986, the EOY program has expanded across 94 countries and territories, recognizing over 30,000 of the world's most accomplished and innovative entrepreneurs.

Unlike business awards that take place at a regional or national level, overall program winners proceed to represent their country or territory in the ultimate global competition held the following year for entrepreneurs: EY World Entrepreneur Of The Year (WEYO).

First launched in 2006 in the Chinese mainland, Hong Kong and Macau, the program is recognized for lauding entrepreneurs who attain success by combining ability with opportunity.

As one of the world's most prestigious business accolades for entrepreneurs, the EOY program is renowned for its prestige, significantly enhancing the international reputation and social impact of the winners and their enterprises.

The substantial national and international media coverage will generate heightened public recognition for the winners and their enterprises, reinforcing their reputation among key stakeholders: clients, investors, business partners and personnel. This accolade serves as a prestigious validation of a company's capabilities and future prospects.

Award recipients will join the EOY Alumni to leverage a global network of distinguished peers and mentors, alongside valuable learning resources and insights, to guide them along their growth journey.

安永全球企业家奖

安永全球企业家奖

“安永企业家奖”具有本国性和全球性。“安永企业家奖”在中国的评选活动结束之后，大奖获奖者还将代表中国参加翌年六月左右举办的全球颁奖典礼，争夺众所瞩目的“安永全球企业家奖”殊荣。届时，来自世界各地“安永企业家奖”大奖获奖者将齐聚一堂，参加这一奖项的角逐。

“安永全球企业家奖”的评选超越国家疆界，致力于表彰杰出企业家在当地、本国和世界竞技舞台上取得的杰出成就，对其在全球范围内带来的积极影响予以认同。奖项为企业家精英相互交流、制订下一步战略规划提供了独一无二的平台。

今年六月，总部位于瑞典的Yubico的联合创始人Stina Ehrensvärd荣膺2025年度“安永全球企业家奖”。

EY World Entrepreneur Of The Year

Following the success of the awards in China, EY extends this pre-eminent platform with the World Entrepreneur Of The Year (WEOY) awards. Each June, Entrepreneur Of The Year award winners from around the world come together and vie for the coveted WEOY title in Monte Carlo, Monaco.

Transcending national boundaries, the WEOY awards recognize the global impact of entrepreneurs and honor their outstanding achievements in their communities, countries and on the world stage. The awards provide business elites an exclusive platform to network, strategize and plan their next strategy.

This June, Stina Ehrensvärd, co-founder of Yubico, was named the EY World Entrepreneur Of The Year 2025.

陈曦龄 Helen Chan

维特健灵健康产品有限公司
创始人兼行政总裁

Founder and CEO
Vita Green Health Products Co., Ltd.

安永企业家奖2024 - 生命科学与医疗健康业获奖者

陈曦龄是极少数拥有中西医资格的企业家。她带领创办于1993年的维特健灵从香港一间本地公司发展成跨国企业，现时产品立足多国。

八、九十年代时期，她毅然选择以资源不足、位置偏远的广西田林县作为创业基地，最初利用当地的野生灵芝开展她的创业梦。她是爱国企业家，与中国科学院合作，发展种植灵芝技术，并推广可持续林业，使田林县成为国内最大的灵芝基地。

促使她创立维特健灵的，是发现到中医医学“固本培元”的原理与她希望普及保健概念的想法一致。创业初期陈曦龄便积极进修中医资格，现在已是南京中医药大学董及荣誉教授。

维特健灵是以研发、生产及销售由包括灵芝、首乌等珍贵药材为主要原材料提炼的中医药保健产品品牌，透过最严谨的西方医学标准，配合现代人工智能等科技，研制出超过250种品质优良的现代中药。

陈曦龄获奖无数，包括2022年度香港工业总会杰出工业家奖、2020大湾区杰出女企业家、2015年DHL和南华早报香港商业奖-东主营运奖。她希望透过维特健灵的产品，为每个人作调理，并能“健康·喜悦·美丽·120岁”！

EY Entrepreneur Of The Year 2024 -
Winner, Health Sciences and Wellness Category

Dr. Helen Chan stands as one of the rare visionaries straddling the realms of both traditional Chinese and Western medicine. Since founding Vita Green in 1993, she has transformed it from a local Hong Kong enterprise into a multinational powerhouse, with its products now gracing markets across numerous countries.

In the late 1980s and early 1990s, Dr. Chan embarked on an audacious journey, choosing the remote, resource-scarce Tianlin County in Guangxi as the foundation for her entrepreneurial venture. There, she pioneered the use of ganoderma (lingzhi), a prized raw material for health supplements. Motivated by her patriotic spirit, partnership with the Chinese Academy of Sciences, she spearheaded advancements in cultivation techniques while championing sustainable forestry practices, aiming to transform Tianlin County into China's largest ganoderma cultivation hub.

The establishment of Vita Green was inspired by the core tenet of traditional Chinese medicine: fortifying the body's foundations. This principle resonated deeply with Dr. Chan's vision of promoting widespread health and wellness. From the company's inception, she pursued further education to attain formal qualifications in Chinese medicine, ultimately becoming an honorary professor and board member at Nanjing University of Chinese Medicine.

Vita Green has flourished as a brand synonymous with the research, production, and distribution of traditional Chinese medicinal health products, leveraging precious botanicals such as ganoderma and fo-ti. These products are crafted to meet rigorous Western medical standards, enhanced by modern technologies including artificial intelligence, resulting in an impressive portfolio of over 250 high-quality contemporary herbal remedies.

Dr. Chan's achievements have earned her numerous accolades, including the FHKI Industrialist of the Year Award in 2022 the title of Outstanding Female Entrepreneur of the Greater Bay Area in 2020, DHL/SCMP Hong Kong Business Awards 2015 - Owner-Operator Award in 2015. Through Vita Green's offerings, Dr. Chan aspires for everyone to attain balanced health and fulfill the ideal of "Health · Joy · Beauty · To 120"!

Dr. Chen Ning, a member of the Standing Committee of the CPPCC Shenzhen Municipal Committee, is Chairman and CEO of Shenzhen Intellifusion Technologies Co., Ltd. (Intellifusion). He is a National Distinguished Expert and holds a PhD from the Georgia Institute of Technology in the United States. Dr. Chen Ning is an artificial intelligence (AI) scientist and entrepreneur with a global vision and deep commitment to his home country.

In 2014, Dr. Chen Ning returned to China and founded Intellifusion. He and his team have independently developed the architecture of the neural processing unit (NPU), established a world-leading platform for multimodal large models and NPUs, undertaken six major national-level AI projects and fostered a fully domestic NPU industrial ecosystem.

Under his leadership, Intellifusion has launched four generations of self-developed NPU chips and pioneered the commercialization of Chinese-made high-performance AI inference chips. In 2023, Intellifusion was listed on the STAR Market, cementing its position as a leading enterprise in China's AI chip sector.

Previously, Dr. Chen Ning served as the Chief Representative for 4G-LTE International Standards and was the designer of China's first commercial vector processor chip. His contributions have been recognized with numerous honors, including the Guangdong Youth May Fourth Medal, CCTV's "Top 10 AI Figures of the Year 2025" award and being named one of Shenzhen's "40 Outstanding Figures over 40 Years".

He is a firm believer in "Technology for Good" - making AI accessible to every individual and industry, with the ultimate aim of establishing "Chinese Core" chips as the most robust computing foundation for the intelligent era.

Professor Jia Jiaya founded SmartMore in 2019. Driven by a “cutting-edge R&D + industrial application” dual-engine strategy, he has promoted the deep integration and large-scale application of AI technologies in industrial settings. Leveraging his profound expertise in computer vision and multi-modal domain, he has efficiently translated top-tier academic achievements into practice. Within just 18 months, he built SmartMore into a tech unicorn, rapidly growing it into a global leader in industrial intelligence.

Under Professor Jia's leadership, SmartMore has advanced the integration of “large language models + full-stack robotics technologies” and developed an IndustryGPT-based self-evolving industrial intelligence system that achieves a full-stack closed loop from perception to decision-making to execution. This system is widely applied across sectors including consumer electronics, new energy, automotive, high-speed rail and precision manufacturing, serving more than 300 leading enterprises worldwide.

Professor Jia currently serves as a Chair Professor at the Hong Kong University of Science and Technology and Director of the Von Neumann Institute. He has published over 200 papers, with more than 100,000 citations and an H-index exceeding 120. He has received the SIGGRAPH Asia “Test of Time” Award for consecutive years. He has also served as chair of top international conferences such as ICCV and CVPR and has been repeatedly listed among the world's highly cited top scholars.

Professor Jia, with the mission of “keep innovating and creating excellence”, leads SmartMore to continuously push the boundaries of technology and industry, making outstanding, exemplary contributions to Hong Kong's “new industrialization” process and to global Industry 4.0 development.

Founder and Chairman

Macao e-Media Development Company Ltd.

服务业 行业奖项获奖者

江海涛先生，来自江苏盐城，是一位活跃于港澳的连续创业者。他以敏锐的市场洞察力与非凡的执行力，将地域限制转化为创新机遇。2015年底，他洞察澳门居民在数字生活上的缺口，毅然创立本地生活平台“澳觅”。尽管缺乏技术与行业背景，他凭借卓越的资源整合与领导能力，成功组建跨地域团队，并于2016年推出“澳觅”App，以高频外卖切入市场，透过团购、充值与生活服务深度变现，建立了低获客成本与高用户价值的竞争优势，推动澳门本地生活数字化进程。

随着澳觅在澳门市场稳健成长，江先生于2022年底再度启程，将创新版图延伸至香港。他率先提出“平台化团餐”模式，结合科技与管理思维，协助大型机构优化员工餐饮体验；并引入“称重计费”制度，于香港城市大学等项目落地，显著减少浪费、提升效率与可持续性，广受业界好评，迅速奠定市场地位。

在管理理念上，江先生坚持“可控试错、用户共创”，以长期主义驱动企业持续成长。他相信企业家的使命，不仅在于创造商业价值，更在于推动社会与城市的进步。这份兼具远见、创新与责任感的精神，正是他持续领航前行的力量。

Services Category Winner

Mr. Jiang Haitao, a native of Yancheng, Jiangsu Province, is a serial entrepreneur active in Hong Kong and Macao. With keen market insights and exceptional execution capability, he has turned geographical constraints into opportunities for innovation. At the end of 2015, he identified a gap in digital lifestyle services for Macao residents and developed a local lifestyle platform, Aomi. Despite a lack of technology and industry background, he leveraged his strength in resource integration and leadership to build a cross-regional team. In 2016, he launched the Aomi App, entering the market through high-frequency food delivery services. By offering group purchasing, top-up functions and integrated lifestyle solutions, Aomi was monetized and gained competitiveness with lower customer acquisition costs and higher user value, accelerating the digital transformation in local lifestyle services in Macao.

As Aomi grew steadily in the Macao market, Mr. Jiang Haitao embarked on a new venture at the end of 2022 to extend his innovation footprint to Hong Kong. He pioneered a platform-based group meal model combining technology and managerial mindset to help large organizations optimize employee dining experience. By introducing a “charging by weight” system, Aomi helped reduce food waste and improve efficiency and sustainability, as shown in the initiative of the City University of Hong Kong. As such, Aomi earned widespread recognition and built a strong market presence quickly.

In terms of management philosophy, Mr. Jiang Haitao adheres to the principles of “controlled trial and error” and “co-creating with users” and is committed to driving long-term growth and sustainability. He believes that entrepreneurs need to engage in promoting social progress and city advancement while creating business value. It is this spirit of foresight, innovation and social responsibility that allows him to lead the way forward.

Mr. Jiang Xueming, being visionary and innovative, started a company and grew his business alongside the nation's development. He began in the textile industry in the 1980s, transitioned to the cement sector in the late 1990s and early 2000s, and led Dongwu Cement to become a publicly traded company in Hong Kong in 2012. In 1996, he invested in China's National Highway 318, a pioneering initiative to engage private capital in highway construction and operation. In 2003 and 2008, he expanded his business into the automotive and energy sectors and achieved remarkable outcomes.

In 2014, when China's integrated circuit industry was facing significant challenges, Mr. Jiang Xueming entered the semiconductor market and founded Dosilicon with a keen insight into policies and his patriotic passion. In 2015, he got off to a fast start by acquiring a South Korean memory chip design firm. Riding the wave of domestic replacement, the company grew steadily and was listed on the STAR Market in 2021. Mr. Jiang Xueming led Dosilicon to become a technology leader in the mid-to-low-capacity memory chip sector and expanded into the GPU segment by investing in Lisuan Tech. Also, Mr. Jiang Xueming formed a dedicated Wi-Fi 7 chip development team and established a storage-computation-networking integration strategy, helping the company create a second growth curve and drive up its value.

Mr. Jiang Xueming proactively fulfils social responsibility and has donated tens of millions of yuan to charities. He served as a member of the Jiangsu Provincial Committee of the Chinese People's Political Consultative Conference (CPPCC) for many years. With innovation-driven development as the core and resource integration as the approach, he has driven Dosilicon to achieve leapfrog advancement and contributed to China's independent innovation and industrial upgrading in the integrated circuit sector.

TK Group (Holdings) Limited

制造业 行业奖项获奖者

李沛良先生是一位将哲学思维融入企业实践的“经世哲商”。东江集团自1983年从香港小型模具厂起步，历经四十年发展，已成为全球领先的一站式精密注塑解决方案合作伙伴，中国最大注塑模具出口商。集团于2013年在港交所上市（股份代号：2283）。

李先生坚信“利润是健康经营的副产品”。1979年，他赴港从模具学徒做起，1983年与伙伴筹集十万元创立东江。凭借精湛技艺，他成功承接电脑塑胶外壳订单，赚取“第一桶金”。

1984年，公司因投资失利一度濒临破产。李先生以诚信赢得客户支持，确立“严控风险、专注专业”的经营哲学。2015年，他率先引入工业4.0智能产线，推动AI与大数据应用。

在企业鼎盛时期，他主动发起“破茧行动”，引入国际咨询团队推动战略升级，顺利完成管理层交接。他推行“虚拟股权”激励与“三层管理架构”，打造“共同发展”的企业文化，将东江打造为行业“少林寺”，持续培养专业人才。

李先生长期担任深圳政协委员，积极推动粤港协作。他设立“东江爱心基金”援助员工，2025年获香港特区政府颁授荣誉勋章。在他的引领下，东江集团以技术创新为驱动，以社会责任为己任，持续迈向高质量发展新征程。

Mr. Li Pui Leung is an entrepreneur who brings philosophical thinking into business operation. TK Group, founded in 1983 as a small mold manufacturer in Hong Kong, has grown over four decades into a global leader in one-stop precision injection molding solutions partner and has become China's largest exporter of injection molds. The Group was listed on the Hong Kong Stock Exchange in 2013 (stock code: 2283).

Mr. Li believes that “profit is a by-product of robust business operations.” In 1979, he moved to Hong Kong and began as an apprentice mold maker. In 1983, he co-founded TK Group with a starting capital of HK\$100,000. Through outstanding craftsmanship, he secured his first major orders for plastic computer enclosures, earning his “first pot of gold”.

In 1984, the company narrowly avoided bankruptcy due to a failed investment. Mr. Li built trust among clients through a commitment to integrity and established the business philosophy of prioritizing risk management and professional accountability. In 2015, he pioneered the introduction of Industry 4.0 smart production lines to promote the application of AI and big data technologies.

While the company was growing and flourishing, he initiated transformation, engaging an international consulting team to assist with strategic upgrading and smooth leadership transitions. He introduced a virtual equity incentive system and a three-tier management structure and fostered a culture of shared development, aiming to build TK Group into a hub for professional talent in the industry.

Mr. Li has long served as a member of the Shenzhen Municipal Committee of the Chinese People's Political Consultative Conference and played an active role in enhancing the collaboration between Guangdong and Hong Kong. He established the “TK Care Foundation” to support employees and received the Hong Kong Special Administrative Region Honorary Award in 2025. Under his leadership, TK Group is forging ahead toward high-quality development driven by technological innovation and a strong sense of social responsibility.

鲁先平博士是中国创新药领域的杰出科学家与企业家。他拥有中国协和医科大学分子生物学博士学位，曾赴美国从事博士后研究，并成功创建两家生物医药公司。怀着“开发老百姓用得起的创新药”的初心，他选择回国并于2001年创立微芯生物。

在中国专注仿制药的背景下，鲁博士致力于研发具有全新作用机制的首创药物，通过基于化学基因组学技术和AI辅助设计的新药发现及评价平台，提高研发成功率并缩短周期。在他的带领下，西达本胺成为中国首个抗肿瘤原创化学新药及首个实现License out的创新药，填补了中国外周T细胞淋巴瘤药物的空白，并拓展至乳腺癌、成人T细胞白血病、弥漫大B细胞淋巴瘤等领域。2型糖尿病药物西格列他钠研发历时19年，实现全球首个PPAR全激动剂的历史性突破。两个药品均被纳入国家医保，显著减轻患者负担。在研管线中，多个极具First-in-class潜质的药物候选分子有望为阿尔茨海默病等慢性疾病带来全新的治疗方案。

鲁博士积极推动中国创新药审评、医保准入及资本生态的完善，带领微芯生物捐赠药品超7亿元，惠及患者逾万名。他坚持研发具有全新靶点、全新结构、全新作用机制的首创药物，被国际媒体誉为中国“原创新药的拓荒者”。

Dr. Lu Xianping stands as a distinguished scientist and entrepreneur in China's innovative pharmaceutical sector. He earned a PhD in Molecular Biology from Peking Union Medical College, pursued postdoctoral research in the US, and successfully founded two biopharmaceutical companies. Driven by the mission to “develop affordable innovative drugs for ordinary people,” he chose to return to China and established Chipscreen Biosciences in 2001.

Against the backdrop of China's historical focus on generic drugs, Dr. Lu dedicated himself to researching first-in-class drugs with entirely novel mechanisms of action. By building a new drug discovery and evaluation platform based on chemical genomics and AI-assisted design, he significantly improved R&D success rates and shortened development cycles. Under his leadership, Chidamide became China's first original small-molecule anti-tumor innovative drug and the country's first pharmaceutical product to be globally licensed out. It filled a critical gap in treating peripheral T-cell lymphoma in China and extended new hope to patients with breast cancer, adult T-cell leukemia, diffuse large B-cell lymphoma and other malignancies. Chiglitazar Sodium, developed over 19 years for Type 2 diabetes, marked a historic breakthrough as the world's first PPAR-pan agonist. Both drugs have been included in China's National Reimbursement Drug List (NRDL), substantially reducing patients' financial burdens. In the current pipeline, multiple drug candidates with significant first-in-class potential are expected to deliver novel therapeutic options for chronic diseases such as Alzheimer's disease.

Dr. Lu has actively promoted improvements of China's pharmaceutical ecosystem, including the evolution of innovative drug review pathways, NRDL inclusion mechanisms and capital market reforms. Under his guidance, Chipscreen has donated over RMB700 million worth of medicines, helping more than 10,000 patients alleviate treatment costs. Dedicated to developing first-in-class therapies with novel targets, structures and mechanisms, he has been hailed by international media as “China's pioneer of original innovative drugs.”

As the founder of Leo Group (Leo), Mr. Wang Xiangrong began his entrepreneurial journey in 1995 and became the youngest chairman of a listed company on the A-share market at the age of 35. With the courage to venture, the spirit of innovation and the advancement of AI technologies, he has led Leo's transformation from a single pump factory into a leading intelligent manufacturer in pump and pumping systems and digital marketing over the past 30 years. He has expanded its presence across the globe.

Mr. Wang currently serves as Vice President of the General Association of Zhejiang Entrepreneurs, Vice President of the Zhejiang Chamber of Commerce in Shanghai and Guest Professor at Zhejiang Gongshang University. He has received several accolades including Excellent Entrepreneur of Zhejiang Province and the Taizhou Municipal Science and Technology Progress Award. Under his leadership, Leo has gained recognition such as the China Mechanical Industry Science and Technology Award. Adhering to the mission of "Flourish with all stakeholders", he has elevated Leo from a Chinese producer to a global intelligent manufacturer. With his visionary leadership, he has built a paradigm for cross-sector collaborative, contributing to the transformation and upgrading of traditional manufacturing industries.

Guided by the philosophy of "Flow Towards The Future", Mr. Wang has steered Leo toward sustainability through green manufacturing and low-carbon transition and advanced innovation-driven and diversified development to achieve a win-win situation between enterprises and society. Meanwhile, he is building a charity ecosystem that benefits all. He is active in charity initiatives in a wide range of areas including education, disaster relief, rural revitalization and digital inclusion. By establishing the "LION PRIDE" platform, he has brought Leo's business strengths into charitable projects, delivering an innovative and inclusive model for sustainable philanthropy.

Since founding LEAD in 1999, Mr. Wang Yanqing has upheld the philosophy of “striving to be second to none”. This guiding principle has fueled his pursuit of technological innovation to advance the entire industry. Personally holding 43 invention patents, he broke through technological monopolies and established an innovation ecosystem. Multiple products he developed ended foreign dominance in fields such as high-end lithium-ion battery manufacturing equipment. With forward-looking strategic planning, Mr. Wang expanded LEAD's business from a single focus into lithium-ion batteries, photovoltaics and hydrogen energy, securing a top global market share in the new energy equipment sector. He also explored global markets and built an international brand by implementing a globalization strategy, leading to rapid growth in the company's overseas operations. His efforts brought high-end Chinese equipment onto the world stage, contributing Chinese solutions to the global energy transition. Today, LEAD is progressively realizing its vision of becoming a world-leading intelligent equipment manufacturer, embodying the spirit of the nation's “manufacturing power” strategy and advancing “new quality productive forces.”

Beyond his remarkable achievements in the industry, Mr. Wang Yanqing has demonstrated exemplary commitment to industrial and social responsibility, earning widespread recognition. He championed the establishment of the Warm Light Public Welfare Fund with 30 million yuan, repeatedly led disaster relief efforts during emergencies and contributed tens of millions of yuan to support education.

Currently serving as Chairman of the High-End Equipment Manufacturing and Instrumentation Committee under the All-China Federation of Industry and Commerce, Mr. Wang has received prestigious awards including “Outstanding Entrepreneur of Jiangsu Province,” “Charity Star of Jiangsu Province,” and “Outstanding Entrepreneur of China Machinery Enterprise Management Association”. His leadership and industrial contributions have earned extensive acknowledgment. With his innovative spirit, strategic vision and dedication to serving the nation through industrial development, Mr. Wang has made outstanding contributions to the rise of China's high-end equipment manufacturing sector.

香港工业总会（工总）于1960年根据《香港工业总会条例》（香港法例第321章）成立，为香港工商业界发声。工总会员来自33个工业分组的制造业及相关行业，云集拥有共同愿景的企业家，引领香港工业蓬勃发展。透过政策倡议、专业商业支援服务及跨界协作，工总致力为工业界营造充满动力的发展环境，推动香港新型工业化，助业界开拓商机，并为年轻一代创作更多元的发展机会。

Federation of Hong Kong Industries (FHKI) was established in 1960 under the Federation of Hong Kong Industries Ordinance (Cap. 321 of the Laws of Hong Kong) and is the only statutory chamber in Hong Kong, aimed at Hong Kong's industrial and business communities in reaching new heights of success. Representing manufacturing and associated businesses from 33 industry groups, ranging from traditional industries such as garments, jewellery, and food and beverage, to emerging industries such as information technology and biotechnology, FHKI unites like-minded entrepreneurs to spearhead the advancement of Hong Kong's industry. Through policy advocacy, professional business support services, and cross-sector collaboration, FHKI strives to build a dynamic industrial ecosystem to take forward new industrialisation, sparking new business opportunities, and charting diverse paths for the younger generation.

香港工业总会成立65年来，见证香港工业变迁，由进入内地设厂至开拓环球市场，工总及服务业界一直提供专业支持，是企业家可靠的重要伙伴。

面对全球贸易格局重塑加速，香港正处于经济转型与产业变革的关键时刻，工总积极协助港商拓展“一带一路”沿线及“全球南方”市场，并促进业界利用创新科技实现升级转型，推出高增值产品及服务。

内地企业正积极推动产业链出海，工总亦发挥重要平台作用，促进有意落户香港的内企与本港企业家联手，拓展全球产业布局；同时，借着内企出海的机遇，带动本地创科、新型工业、供应链管理中心等新经济领域的高质量发展。

For 65 years, the Federation of Hong Kong Industries has been a driving force in the evolution of the city's industrial sector. By supporting entrepreneurs in everything from establishing factories in the Mainland to penetrating global markets, the Federation and the producer services sector have served as indispensable partners in their success.

As global trade undergoes a rapid transformation, Hong Kong is at a critical juncture of economic and industrial upgrading. The Federation is proactively guiding local businesses into new frontiers, including markets along the Belt and Road and across the Global South. It is also driving the adoption of I&T to drive this transformation, enabling the creation of higher-value products and services.

Concurrently, with Mainland enterprises actively expanding their industrial chains internationally, the Federation serves as a effective platform for collaboration. It facilitates strategic partnerships between Mainland companies and local Hong Kong entrepreneurs, empowering them to jointly expand their global industrial footprint. By capitalising on this outbound expansion, the Federation is catalysing high-quality growth in Hong Kong's emerging economic arenas, including I&T, new industrialisation, and its role as a supply chain management hub.

Congratulations on the 20th anniversary of the EY Entrepreneur Of The Year (EOY) Award!

Over the past two decades, this prestigious award has remained steadfast in its mission, not only bearing witness to the rapid development and transformation of the economies in Mainland China, Hong Kong, and Macau but also continuously promoting the entrepreneurial spirit of the new era. It has discovered and honoured outstanding leaders who actively fulfil their commitments to both enterprise and society. Leveraging its professional expertise and extensive network, EY has fostered the growth of the entrepreneurial ecosystem, empowering countless entrepreneurs and start-ups to navigate the era of artificial intelligence and achieve excellence.

As Hong Kong's digital technology hub, AI accelerator, and incubator for entrepreneurship, Cyberport has been committed to nurturing innovation and entrepreneurial talent, facilitating the application of innovation and technology, and continuously injecting new momentum into Hong Kong's digital economy. We are actively building a vibrant I&T ecosystem. As a valued partner in the "Cyberport Professional Services Network", EY has worked closely with Cyberport, jointly creating a superior development platform for entrepreneurs. Last year, EY not only shared valuable insights into the venture capital market at the Cyberport Venture Capital Forum but also provided one-on-one advisory services to start-ups at the Start-up Clinic, offering professional guidance on business setup, intellectual property protection, and fundraising processes—empowering start-ups to grow and progress steadily.

Looking ahead, Cyberport will continue its close collaboration with EY and other partners across industries, working hand-in-hand to cultivate more internationally minded and innovation-driven entrepreneurs, and jointly propel Hong Kong and the nation's digital economy and innovation industry to new heights. We wish the 20th anniversary celebration of the EY Entrepreneur Of The Year Award great success, and may it inspire more entrepreneurs to pursue their dreams and achieve extraordinary accomplishments!

Hong Kong General Chamber of Commerce
香港總商會 1861

香港总商会成立于1861年，是香港历史最悠久、最具活力的商业组织。总商会会员包罗香港本地、中国内地和国际企业，业务遍布各行各业，约半数恒生指数旗舰上市公司均为总商会会员。

总商会的会员涵盖知名跨国企业和蓬勃发展的中小企，合共雇佣约三分之一的本地劳动人口。我们作为商界之声，透过政策倡议、资讯分享、联系交流及全面商贸文件服务的核心功能，协助会员迈向成功。

本会的使命是维持香港作为全球最具活力和竞争力的商业及金融枢纽的领先地位。

Founded in 1861, the Hong Kong General Chamber of Commerce is the oldest, yet most dynamic business organization in Hong Kong. Our members represent a wide spectrum of local, Mainland Chinese and international businesses.

Around half of the flagship corporations listed on the Hang Seng Index are HKGCC members.

Combined, our membership, from renowned multinationals to thriving SMEs, employ around one-third of the local workforce. The Chamber serves as the voice of business, and helps members succeed through our core functions: advocacy, knowledge-based events, networking, and a comprehensive range of business documentation services.

Our mission is to ensure that Hong Kong remains a leader among the world's most dynamic and competitive business and financial hubs.

我们正处于百年未有之大变局，中国式现代化道路正引领未来。随着国家推动高质量发展，中国企业展现出卓越的全球领导力，从人工智能和绿色科技的突破创新，到促进国际合作、提升产能，成绩斐然。

在这股浪潮中，企业家凭借卓识远见、坚韧毅力和创新精神，积极开拓新领域，展现智慧与勇气，实现快速增长，推动经济进步。

今年是“安永企业家奖”在大中华区举办的第20年。本人谨代表香港总商会，祝愿2025年度活动圆满成功，并向所有杰出领袖致以衷心祝贺。

We are witnessing an era of unprecedented transformation, with China's path to modernization shaping the future. As the nation advances high-quality development, Chinese enterprises are demonstrating remarkable global leadership - from groundbreaking achievements in artificial intelligence and green technology to fostering international collaboration and enhancing production capacity.

This momentum presents immense opportunities. At this pivotal moment, entrepreneurs, with their vision, resilience and innovative spirit, are boldly exploring new frontiers, demonstrating the courage and wisdom needed to achieve rapid growth and drive economic progress.

This year marks the 20th anniversary of the EY Entrepreneur Of The Year Award in the region. On behalf of the Hong Kong General Chamber of Commerce, I extend my warmest congratulations to all the outstanding leaders being recognized, and best wishes for the success of the 2025 awards.

为致力建设香港成为国际创新科技中心的地位，新一份施政报告提出多项措施带领香港不断革新，包括增加创科用地、投放更多资源推动创科发展、多方位招商引资、汇聚国际高端人才。

香港科技园公司（科技园公司）是香港最大的创科生态圈，拥有超过24,000名工作人口，致力于驱动创科成就，吸引国际企业在香港发展。科技园公司积极为科技公司提供全方位的支持，包括基础设施、支持服务、专业知识以及坚实的合作伙伴和投资者网络。

科技园公司向世界展示香港的创科潜力，吸引创新和科技人才，促进新型工业化和微电子生态圈的发展，将香港建设成为“国际创新科技中心”。

To foster the development of Hong Kong as an “International Innovation and Technology (I&T) Hub”, this year’s policy address outlines various initiatives including expanding land allocation for innovation and technology (I&T), actively seeking business investments, attracting international top-tier talent.

Hong Kong Science and Technology Parks Corporation (HKSTP) is the biggest I&T ecosystem in Hong Kong with over 24,000 working population. We are dedicated to propelling success and innovation, attracting international enterprises to develop I&T ecosystem in Hong Kong. HKSTP actively provides all-rounded supports for tech ventures, including infrastructure, support services, professional knowledge, and a solid network of partners and investors.

HKSTP showcases Hong Kong’s I&T capabilities on the world stage, attracting I&T talents, fostering new industrialisation and microelectronics ecosystem, building up Hong Kong as an “International I&T Hub”.

香港科技园公司（科技园公司）于2001年成立，在香港建立了蓬勃的创科生态圈，共支持13间独角兽企业，汇聚15,000多名研究人才，以及超过2,000间来自26个国家和地区从事生物医药技术、人工智能及机械人技术、金融科技及智慧城市发展等科技公司，致力将香港发展成为国际创新科技中心。为配合香港未来发展，科技园公司锐意吸纳及孕育创科人才、加速创科成果商品化，为科技企业及人才在创科路上提供全方位支持。旗下的创科生态圈持续成长，包括沙田的香港科学园、九龙塘的创新中心，以及三个创新园透过应用科技，重点带动先进制造业、微电子业及生物科技等行业，朝着香港新型工业化方向发展。旗下的香港科学园深圳分园位于深圳福田，凭借“背靠内地、联通世界”的优势及“引进来、走出去”的方针，积极加强创科的跨境交流，支持全球科技企业及人才，提供科研及协作空间，重点支持来自医疗科技、大数据及人工智能、机械人技术、新材料、微电子、金融科技和可持续发展七大领域的企业。科技园公司将致力透过提供科研基础设施、初创及企业支持服务、专业投资及营商知识、开拓合作伙伴网络及人才招揽，推动香港创新科技发展，促进创科成为经济新动力。更多关于香港科技园公司的详情，请浏览www.hkstp.org。

In 2025, amid the shifting tides of the global economy, China continues to advance high-quality development driven by innovation, opening a new chapter in modernization. At this pivotal moment, entrepreneurs are not only the navigators of their enterprises but also engines of national progress—energizing markets, driving technological breakthroughs, and strengthening economic resilience. For the past two decades, the EOY program has celebrated outstanding entrepreneurs, championed the spirit of innovation, and fostered industrial transformation. As witnesses to their journeys, we extend our heartfelt congratulations to all the award recipients. May they continue to build on their success, seize new opportunities, and together create a new era of excellence for China's economy.
