Treasury 101: Managing money and exploring digital payments

Unlock the essentials of treasury management and explore the future of digital transactions in one week!

The better the question. The better the answer. The better the world works.

Shape the future  
with confidence

# Course overview

Welcome to Treasury 101, a seven-day online program designed to introduce you to the world of treasury management and digital payments. This course is divided into two key batches that will provide you with a solid foundation in managing business finances and navigating the future of digital transactions.

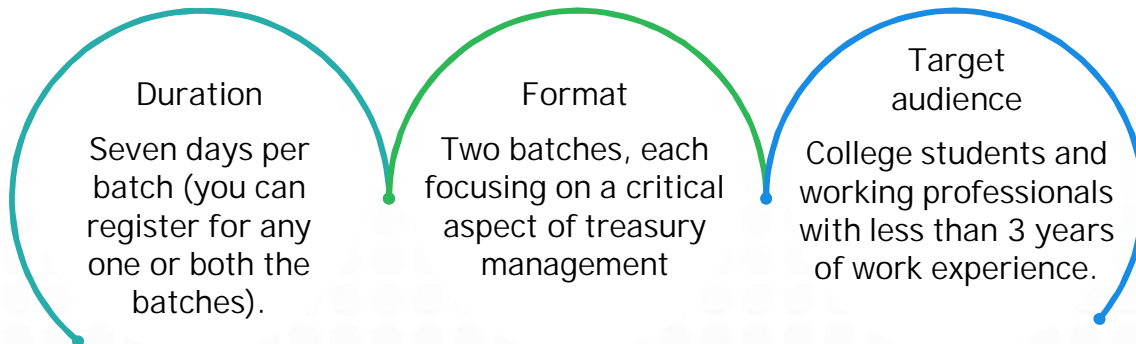

## Batch 1: Foundations of digital payments

This course will guide you through the world of digital payments, exploring how businesses use technology to simplify and secure financial transactions. You will gain insight into payment systems, digital wallets and the role of fintech in shaping the future of money.

## Batch 2: Unlocking the secrets of money management- How treasury powers successful businesses

In this course, you will dive into the core functions of treasury management, learning how it supports businesses in making smart financial decisions. From cash flow management to risk mitigation, you will discover the key tools that help companies thrive financially.

### Course details:

By the end of this program, you will walk away with practical knowledge of how treasury functions drive financial success, and a deeper understanding of the role digital payments play in today's business landscape.

Registration  
2 December 2024-  
2 February 2025

Mode  
Virtual
