Our student and entry-level programs

We are change agents and cyber gurus. Performance improvers and problem solvers. Data scientists and growth hackers. Bot programmers and software builders. Risk managers and confidence builders. We're more than 400,000 global perspectives ready to welcome yours.

From business and accountancy to computer science, science, technology, engineering and mathematics (STEM) majors and more, we invite all students to explore EY for an exceptional experience that will unlock doors anywhere.

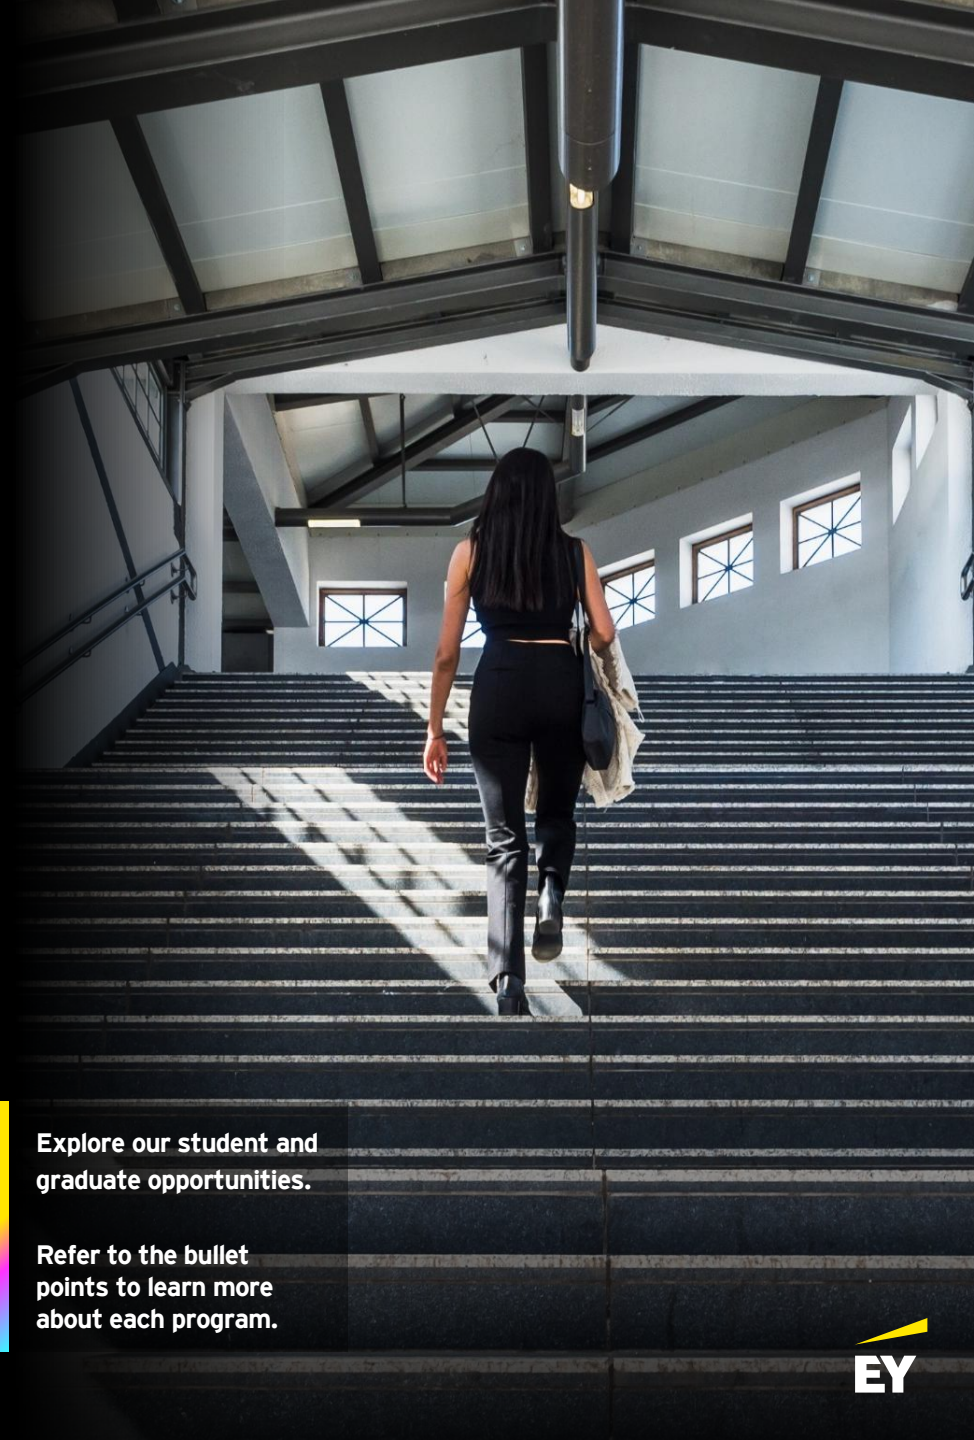

University graduate program

- Graduate full-time positions

Join us full-time upon graduation and start to enjoy a wide variety of responsibilities, expand your network and build your skills. We will help you achieve your career goals with continuous support, learning and experiences. At EY, you can start to build the future you want immediately.

- EY SCALE management associate program

A 24-month management associate program for aspiring young talents seeking to excel in the professional services industry. You can look forward to personalized mentoring from our senior management, structured learning opportunities that help you develop your core competencies, cross-service line rotations and a fast-tracked career upon completion of the program.

Explore our student and graduate opportunities.

Refer to the bullet points to learn more about each program.

Undergraduate internship program

Being an intern is one of the best ways to find out if we share the same purpose and drive to make things better. We have a number of different options for you to discover what life as a professional is all about.

Internship cycle	Application period	Internship period
Summer	January	May–July or August
Winter	August	December–January
Off-cycle	January–March	June–December
	August–October	January–June
Work-study degree program	Application and internship periods vary across universities.	

Polytechnic student program

- [Polytechnic internship program](#)

You will have an opportunity to get to know us a bit better, work on real projects and prepare yourself for a fast-paced world.

- [Polytechnic graduate program \(for accounting polytechnic graduates\)](#)

Designed for accounting polytechnic graduates who are ready to launch their careers in the audit profession. Get a head start on your career by pursuing the professional qualification program, fully sponsored by EY, while working in a full-time role.

Explore the breadth of EY services

Assurance

Using market-leading advanced data analytic tools, Assurance teams look beyond the obvious to delve deeper into the underlying patterns and trends – to help provide powerful business insight to assist with defining a company's financial performance and position.

You'll develop a deep understanding of the inner workings of business and draw on your accounting knowledge to help solve complex challenges.

With your advice, clients will be able to make informed decisions about environmental policies, governance, fraud and more.

Join Assurance and you may work in:

- Audit
- Climate Change and Sustainability Services
- Innovation and Artificial Intelligence (AI)
- Financial Accounting Advisory Services
- Forensic and Integrity Services
- Technology Risk

View all available roles at go.ey.com/assurance_careers

Consulting

In an unpredictable, uncertain business world of relentless disruption, Consulting teams help organizations solve big, complex issues and capitalize on opportunities to help provide better working outcomes that grow, optimize and protect businesses, now and in the future.

You will help clients transform their businesses by helping them see new opportunities, respond to change and find smarter ways of operating. Your experiences will be wide and varied, with early responsibility to develop innovative solutions.

Join Consulting and you may work in:

Business Consulting

- Business Transformation
- Finance
- Supply Chain and Operations

Risk Consulting

- Actuarial
- Digital Risk
- Enterprise Risk
- Financial Services Risk Management
- Technology Risk

Technology Consulting

- Cybersecurity
- Data and Artificial Intelligence (AI)
- Digital Engineering
- Platforms

People Consulting

EY-Parthenon: Transformative Strategy and Transactions

Strategy and Transactions teams help businesses and government bodies make big decisions on how best to raise, invest, optimize and preserve their capital. Do they need to buy a company or merge with a competitor? Should they sell an underperforming business?

You will get involved in highly strategic projects, helping large and small companies grow, from strategy to execution.

You will see firsthand how important transactions are conceived, crafted and negotiated.

In the process, you will develop valuable communication and presentation skills, gaining you a reputation as a trusted business advisor by people on both sides of the transaction.

Join EY-Parthenon: Transformative Strategy and Transactions and you may work in:

- Financial Diligence
- Infrastructure Advisory
- Operational Turnaround and Financial Restructuring
- Strategy and Execution
- Valuation, Modeling and Economics

View all available roles at go.ey.com/ey_careers

Tax

Our tax teams offer services across all tax disciplines to help clients thrive in this era of rapid change.

Working across Tax, Law and People Advisory Services, you'll collaborate with clients to make better decisions through insights into government policy, regulatory obligations and operations.

Surrounded by talented teams and individuals, you will build your skills and knowledge to accelerate your career and become a global business advisor, capable of guiding organizations from different industries on any business issue.

Join Tax and you may work in:

- Corporate Tax Services
- Financial Services Tax
- Indirect Tax
- International Tax and Transaction Services
- People Advisory Services (Mobility)
- Private Client Services
- Tax Technology and Transformation
- Transfer Pricing

Life at EY

Spend time on things that drive you. At EY, you have the flexibility to pursue the things that truly inspire you.

We equip you to navigate uncertainty and provide you with the necessary support to help you be the best you can be. We can only build a better world together by putting your wellbeing at the heart of everything we do. Because when you thrive, we thrive.

Become a shaper of the future

You never stop learning. We're investing in your development so you can build the mindset and tech skillsets to become a transformative leader.

Here are some resources we provide for free:

- **EY Badges:** Digital badges for future-focused skills such as data visualization and AI.
- **EY Degrees:** In association with Hult International Business School, EY Degrees offer you the opportunity to develop technology, leadership and business skills. Currently available programs are EY Tech MBA, EY Masters in Business Analytics and EY Masters in Sustainability.

Build a career with impact

Play a part in giving back to those in need by participating in EY corporate responsibility activities. Through **EY Ripples**, our global corporate responsibility program, you can impart your knowledge to help the youth and underserved in our community, impact entrepreneurs, as well as businesses to accelerate environmental sustainability.

- [Learn more](#)

Your wellbeing matters

Build connections through shared interests. Get involved in various interactive wellness and lifestyle programs, as well as sports and recreational and team bonding activities.

Enjoy flexibility - FlexPro

EY flexible work program, FlexPro, supports you to balance work and personal responsibilities with flexible work arrangement options that address your evolving needs.

Your journey starts here

Immerse yourself in our diverse and inclusive culture, work on real business and find out if EY is the place for you. You'll make a bigger impact than you ever thought possible.

Learn about our recruitment process and get ready to start your journey with us.

Explore

Get to know us better by talking to us at campus events. Upcoming events can be found at go.ey.com/student-graduate-programs. Find out more about our business, what we do and where you would fit here, our culture and meet our people.

Explore our available roles to see which one aligns with your interest.

Tip: Join our [EY Talent Community](#) to stay informed about the latest job openings, career workshops and networking events.

Apply

Apply directly to your desired job. Submit your application form, resume, university transcript and other required supporting documents.

Kindly ensure that all necessary documents have been submitted to have your application processed quickly and smoothly.

Invite

Once we have reviewed your application, if you are shortlisted, our campus recruiters will be in contact with you about the next steps in the selection process.

You may be requested to complete a phone interview with our recruitment team or a psychometric test, depending on the program you applied for.

Attend

Demonstrate why you are a great fit for us, meet our team and ask questions to understand the job responsibilities and what it is like to start a career at EY.

Some roles you apply may involve multiple rounds of interview, including a case study.

Tip: Come prepared, be friendly, confident and leave a positive impression.

Receive

If you are a great fit for our business, we will extend an offer for you to join our team.

Thereafter, you may be invited to our social events, giving you the opportunity to meet your future colleagues and begin building your network before your first day with us.

EY | Building a better working world

EY is building a better working world by creating new value for clients, people, society and the planet, while building trust in capital markets.

Enabled by data, AI and advanced technology, EY teams help clients shape the future with confidence and develop answers for the most pressing issues of today and tomorrow.

EY teams work across a full spectrum of services in assurance, consulting, tax, strategy and transactions. Fueled by sector insights, a globally connected, multi-disciplinary network and diverse ecosystem partners, EY teams can provide services in more than 150 countries and territories.

All in to shape the future with confidence.
