**TO ALL KNOWN MEMBERS AND CREDITORS**

**14 June 2022**

Ref: SJW/HJO/AH/PCF/ADM09F01  
Email: SLGadministration@uk.ey.com

Dear Sirs

**Specialist Leisure Group Limited (“SLGL”)**  
**Shearings Group Limited (“SGL”)**  
**Shearings Holidays Limited (“SHOLL”)**  
**Shearings Limited (“Shearings”)**  
**National Holidays Tours Limited (“NHTL”)**  
**National Holidays Limited (“NHL”)**  
**Wallace Arnold Travel Limited (“WATL”)**  
**UK Breakaways Limited (“UKB”)**  
**all in administration and together (the “Companies”)**

I write further to the Companies entering administration on 22 May 2020 (the “**Date of Appointment**”), with S J Woodward and C P Dempster appointed to act as administrators (the “**Joint Administrators**”).

I write, in accordance with Rule 18.3 of the Insolvency (England and Wales) Rules 2016, to provide creditors with a report on the progress of the administrations. This report covers the period from 22 November 2021 to 21 May 2022 (the “**Period**”) and should be read in conjunction with the Joint Administrators’ Statement of Proposals dated 3 July 2020 (the “**Proposals**”), as well as the previous Joint Administrators’ Progress Reports, dated 21 November 2020, 21 June 2021 and 21 November 2021 (the “**Previous Reports**”).

Together with Shearings Hotels Limited (“**Hotels**”), the Companies formed part of the Specialist Leisure Group (the “**Group**”). As with the Proposals, the progress report for Hotels is prepared separately in accordance with Rule 3.93 of the Insolvency (Scotland) (Company Voluntary Arrangements and Administration) Rules 2018.

Statutory information about the Companies, the administration and the office holders is detailed in Appendix A.

## **Summary of Progress during the Period**

I have detailed below the principal workstreams progressed during the Period.

Further specific detail with regard to the receipts and payments received and incurred during the Period is attached at Appendix B. Please note that these accounts do not reflect future estimated realisations or costs, including the Joint Administrators’ remuneration and disbursements.

## Asset Realisations

### ***Pre-paid event tickets – NHTL***

As detailed in the Previous Reports, SHOLL and NHTL held a stock of event tickets that had historically been purchased to be included in the Group's variety of packaged offerings.

During the Period we reached a settlement with one final ticket vendor for the sum of £89,170, bringing total refunds date to £1,746k (£219k in SHOLL and £1,527k in NHTL).

We do not anticipate any further realisations from pre-paid event tickets.

### ***Sundry Income – NHL***

During the Period we received settlement on an insurance claim that NHL was party to prior the administration. The sum of £6,658 was received in the Period. There are no other ongoing insurance claims.

### ***Bank Interest***

The Companies have received a total of £93 in bank interest during the Period.

## Costs incurred in the Period

As part of the administration, certain costs have been incurred by the Joint Administrators and paid by certain Group entities and recharged across the Group where necessary. These costs are detailed below:

### ***Storage Costs***

Across the Companies £1,646 has been paid in the Period to Iron Mountain UK Plc for off-site storage of the Companies' books and records.

### ***Bank Charges***

Bank charges totalling £33 across the Companies have been paid in Period.

### ***Corporation Tax***

Obligations in relation to the submission of corporation tax returns continue in an administration and with the assistance from EY's Tax team, returns for the initial period of the administrations and the year ending 2021 have been submitted during the Period for each of the Companies. Returns for the period ending May 2022 have been prepared and will be submitted outside of this reporting period.

### ***VAT***

We are in the process of finalising VAT returns for the period of the administrations and we will seek the final necessary tax and VAT clearances before the end of the administrations once all required returns have been submitted to HMRC and outstanding work has been completed.

## Distributions to Creditors

### **Secured Creditors**

There have been no distributions to LBG in the Period. Distributions to date to LBG from the Group's fixed charge realisations total £10.7m.

A final distribution is expected, though it is anticipated LBG will still suffer a significant shortfall against their lending.

### **Preferential Creditors**

As mentioned in the Previous Reports, the Statement of Affairs ("SoA") at the Date of Appointment estimated preferential creditor claims to be c.£653k (Shearings: £397k, SLGL: £32k and NHL: £224k).

There are insufficient floating charge realisations to enable a distribution to preferential creditors in the applicable Companies.

### **Non-preferential Creditors**

Based on the SoA of the Companies at the Date of Appointment, it is estimated that total non-preferential claims will be in the region of £405m, detailed in the table below:

Company	Statement of Affairs		Claims received to date	
	No of creditors	Value of non-preferential liabilities (£)	No of claims	Value of claims (£)
SLGL	1	746,408	13	11,945,522
SGL	7	116,866,214	9	12,600,676
SHOLL	51,885	86,491,214	73	15,155,314
SHEARINGS	445	51,321,144	137	14,403,050
NHTL	44,014	119,686,201	94	13,472,433
NHL	144	21,807,936	76	12,553,399
WATL	316	1,326,498	8	11,010,275
UKB	4,161	6,254,330	41	14,144,137
<b>Total</b>	<b>100,973</b>	<b>404,499,946</b>	<b>451</b>	<b>105,284,806</b>

The value of non-preferential creditors can be summarised in the following categories: i) trade creditors - £134m; ii) customers - £32m; and, iii) intercompany creditors - £239m.

A total of 451 creditor claims have been received to date totalling £106m.

Due to insufficient realisations to cover the shortfall in the secured lenders funding, it is not envisaged that there will be any funds available for a distribution to the unsecured creditors of the Companies. In the Previous Reports we noted that a distribution may be possible to the unsecured creditors of NHTL by virtue of the Prescribed Part, further details of which are below.

### **Prescribed Part**

The prescribed part is a proportion of floating charge assets set aside for unsecured creditors pursuant to section 176A of the Insolvency Act 1986. The prescribed part applies to floating charges created on or after 15 September 2003.

As the Companies' floating charges were created after 15 September 2003, the prescribed part applies to the Companies.

NHTL is the only company within the Group with sufficient floating charge realisations to enable a distribution by virtue of the prescribed part.

As explained in our Previous Reports, in consideration of the number of creditors in NHTL, estimated to be 44,000 with an anticipated claims value of £120m per the SoA, and having sought appropriate legal advice on this matter, the Joint Administrators consider that the costs of adjudicating and processing a prescribed part distribution to unsecured creditors is likely be disproportionate to the benefits of making said distribution.

In light of the above, which is stated with appropriate consideration of the content of Section 176A of the Act, the Joint Administrators have prepared necessary documents to support an application to seek direction from the courts to disapply the prescribed part in NHTL. It is anticipated that an application will be made within the next few weeks.

There are insufficient floating charge realisations within the other Companies to enable a distribution under the prescribed part.

### **Joint Administrators' Remuneration**

The statutory provisions relating to remuneration are set out in Part 18 of the Insolvency (England and Wales) Rules 2016. Further information is given in the Association of Business Recovery Professionals' publication 'A Creditors' Guide to Administrators' Fees', a copy of which may be accessed from the web site of the Institute of Chartered Accountants in England and Wales at <https://www.icaew.com/en/technical/insolvency/creditors-guides> or is available in hard copy upon written request to me.

In certain circumstances, creditors are entitled to request further information about our remuneration or expenses or to apply to court if they consider the costs to be excessive (Rules 18.9 and 18.34 of the Insolvency (England and Wales) Rules 2016). Further information is provided in 'A Creditors' Guide to Administrators' Fees' referred to above.

An analysis of the time spent across each of the Companies, in accordance with Statement of Insolvency Practice 9 ("SIP9"), and a comparison with the respective fee estimates dated 3 July 2020 (the "Fee Estimate"), is attached at Appendix D to this report. In support of the SIP9 analysis is a description of work carried out in the Period. It should be noted that each category of work has been carried out in all Companies, unless specifically stated.

During the Period, the Joint Administrators have incurred time costs across the Companies totalling £345k.

Time costs from the 22 May 2020 to 21 May 2022 total £5,226k. This represents an aggregate variance of £850k to the Fee Estimate, which outlined time costs would total £4,376k across the administrations of all Companies, however it is not expected that remuneration will be drawn in excess of the Fee Estimate.

This position is outlined, in summary, in the table below:

Company	Time costs during the Previous Periods (£)	Time costs incurred during the Period (£)	Total time costs (£)	Time costs per Fee Estimate (£)	Variance (£)
SLGL	176,127	22,807	198,935	159,373	(39,562)
SGL	330,640	49,136	379,776	261,366	(118,410)
SHOLL	1,150,402	34,692	1,185,094	1,067,673	(117,421)
Shearings	1,036,538	83,259	1,119,796	875,607	(244,189)
NHTL	1,051,027	69,393	1,120,421	1,015,572	(104,849)
NHL	494,063	35,403	529,466	392,667	(136,799)
WATL	361,016	24,586	385,602	325,349	(60,253)
UKB	281,097	26,127	307,224	278,492	(28,732)
<b>Total</b>	<b>4,880,910</b>	<b>345,403</b>	<b>5,226,313</b>	<b>4,376,099</b>	<b>(850,214)</b>

The Joint Administrators have drawn remuneration in the Period totalling £770k bringing total remuneration drawn to date of £2,903k.

As outlined in the table above, the Fee Estimate has now been exceeded in all entities. Outlined below, are the principal reasons for the negative variances between time costs incurred to date versus the Fee Estimate:

### **SGL**

- ▶ **Administration and planning** – during the Period the majority of work in relation to SGL that is driving the negative variance is due to administrative work. This includes organising payments to vendors and ensuring recharges across the Group have been appropriately apportioned. In addition to this, there are monthly bank reconciliations to be completed to ensure all receipts have been recognised appropriately.
- ▶ **Bank reporting** – as part of our regular updates to the Secured Creditor, we report on the performance to date against the estimated outcome statement provided at the outset of the administrations. Given the size of the Group and the complexity of recognising receipts and payments accurately, additional time than originally envisaged was taken to ensure accurate reporting. Future estimated realisations and costs are also needed as part of our reporting, which required additional time to review and draw appropriate conclusions on the likely associated values and timings.

### **Shearings:**

- ▶ **Administration and planning** – operational activity relating to the continuity of services, to preserve value in key assets, occurred in Shearings. This was more time intensive than initially anticipated.
- ▶ **Property** – a higher degree of work was undertaken to ensure maximum value was achieved in the property assets of Shearings, including more protracted negotiations than initially anticipated during the sale of the Normanton Interchange.
- ▶ **Realisation of Assets** – further work has been undertaken in realising the residual assets of Shearings' than initially anticipated, e.g. stock, intellectual property, motor vehicles and office equipment.

### **SHOLL and NHTL**

- ▶ **Customers and Bonds** - Given the nature of the business, there have been multiple customer queries to resolve through email, letter and phone calls. The Joint Administrators have worked

closely with ABTA, the CAA, the Confederation of Passenger Transport, Bonded Coach Holidays and the merchant service provider throughout the administrations to remain aligned on messaging to customers.

- ▶ **Realisation of Assets** – A significant amount of time has been spent on realising pre-paid flights and tickets which were purchased by SHOLL and NHTL prior to administration.

#### ***NHL and Shearings:***

- ▶ **Employees** – several emails and letters have been received from employment tribunals regarding claims for former employees of NHL. We have exceeded forecast time as we did not anticipate the level of claims that we have since received. The administration team have also completed work in respect claiming outstanding pension payments due to employees of NHL.

#### ***Group:***

- ▶ **VAT & Taxation** – the team are currently in the process of liaising with HMRC to complete VAT and Corporate Tax returns across the Group and this is a statutory requirement which must be completed.
- ▶ **Administration and planning** – as well as for the reasons outlined above for SGL, due to the length of the group administrations and additional ongoing administrative activities associated, the administration and planning workstream has significantly exceeded the level that the Fee Estimate had originally anticipated.
- ▶ **Creditors** – due to the length of the administrations and volume of creditor correspondence received the time requirements in this category have exceeded the level originally estimated.

#### ***Disbursements***

The Joint Administrators have incurred a total of £47 of category 1 disbursements across the Companies within the Period. In line with SIP9, it is the Joint Administrators' policy to disclose category 1 disbursements, as detailed in Appendix C, but not seek approval to draw them.

The Joint Administrators incurred no category 2 disbursements during the Period.

The Joint Administrators have not drawn either category 1 or 2 disbursements in the Period.

#### ***Payments to Other Professionals***

Further to those outlined in our Previous Report, the Joint Administrators engaged the following professionals to assist in the administrations of the Companies during the Period. They were chosen on the bases of their experience in similar assignments.

Name of firm	Nature of service	How contracted to be paid	Amount paid in Period (£)
DLA Piper LLP	Legal advice on asset realisations	Time cost basis	£34,279.73

\*Note: costs do not include any pre-administrations costs

Details of the fees paid to date are included in the receipts and payments account attached at Appendix B.

## **Joint Administrators' Statement of Expenses incurred**

During the Period the Joint Administrators have incurred expenses (excluding disbursements and pre-administration costs) totalling £36,153 plus applicable VAT. A breakdown of expenses incurred in the Period and to date is included at Appendix C to this report, including a comparison against the estimate of expenses dated 3 July 2020.

### **Extension of administration**

Following the decision to extend the Administrations by 12 months to 21 May 2022, it was necessary to extend the administration of each of the Companies for a further 12 months, by order of the Court, to 21 May 2023. The reasons for requiring the extension are set out below in the Remaining Work section.

It is proposed that if at the end of each administration (21 May 2023) the Companies have no property which might permit a distribution to its creditors, the Joint Administrators will send a notice to that effect to the registrar of companies. On registration of the notice the Joint Administrators' appointment will come to an end. In accordance with the provisions of paragraph 84(6) of Schedule B1 to the Insolvency Act 1986 the Companies will be deemed to be dissolved three months after the registration of the notice.

### **Remaining Work**

The Joint Administrators will continue to carry out their statutory duties and to deal with matters in order to achieve the objectives of the administrations, as set out in the Proposals. Future tasks will include, but may not be limited to, the following:

- ▶ submission of the final corporation tax return;
- ▶ preparation and submission of VAT returns to HMRC and seeking necessary clearances;
- ▶ seek direction from the courts to disapply the prescribed part in NHTL;
- ▶ continue to prepare and deliver necessary reports to stakeholders; and
- ▶ any such actions the Joint Administrators consider, in their reasonable opinion, are necessary and/or expedient to fulfil the purpose of the administrations and to bring them to a conclusion.

### **Next Report**

We will report to you again at the conclusion of the administrations or in six months' time, whichever is the sooner.

Should you have any remaining questions about the administrations, please do not hesitate to contact the Joint Administrators' staff by emailing [SLGadministration@uk.ey.com](mailto:SLGadministration@uk.ey.com).

Yours faithfully  
for the Companies

S J Woodward  
Joint Administrator

## Appendix B

### Joint Administrators' Summary of Receipts and Payments for the Period

The receipts and payments accounts are shown net of VAT and have been prepared on a cash basis and do not reflect debts not collected or liabilities not paid. Any amendments to amounts detailed in the Previous Report are a result of a recategorisation of certain costs following group-wide reconciliation work.

#### Expenses exceeding Original Estimate

Cost category	Explanation of negative expense variance
ERA solutions costs	Staff levels in SLGL not previously accounted for. Costs subsequently incurred to assist with any redundancy related queries.
Legal fees relating to the appointment	Marginally higher than initially estimated once final billing reconciled and processed.
Agents' costs	Agents' costs associated with freehold sales were linked to a % of realisations, and were higher as actual realisations were materially higher than initial expectations.
Waste disposal costs	Costs relating to site clearance, which was more complex than initially anticipated given the widespread nature of the Companies' records.
Public notices	Costs incurred to meet statutory obligations not previously reported.
Bank charges	Costs incurred to ensure certain payments were made to meet certain processing requirements (i.e. time).
Repayment of charitable donations	Monies identified as being collected for charity were paid onwards to said charity.
Postage	Costs incurred for mail redirections.
Insurance	Insurance of the Companies assets was higher than originally anticipated as certain assets took longer to dispose of than originally expected.

Storage Costs

Costs associated with storing the Companies books and records are higher than originally expected due to the volume of records retained.

---

### Expenses exceeding Original Estimate

Cost category	Explanation of negative expense variance
ERA solutions costs	Costs associated with helping staff process redundancy claims. Staff levels were higher than originally anticipated.
Legal fees relating to the appointment	Marginally higher than initially estimated once final billing reconciled and processed.
Waste disposal costs	Costs relating to site clearance, which was more complex than initially anticipated given the widespread nature of the Companies records.
Public notices	Costs incurred to meet statutory obligations not previously reported.
Bank charges	Costs incurred to ensure certain payments were made to meet certain processing requirements (i.e. time).
Irrecoverable VAT	VAT incurred on costs which were unable to be recharged across the Group. Given SLGL is not a VAT registered company, there is an inability to recover the VAT on such costs.
Security holding costs	A central cost recharged across the Group, incurred to ensure properties were secured and safe for the benefit of all administrations.
Insurance	Insurance of the Companies assets was higher than originally anticipated as certain assets took longer to dispose of than originally expected.
Employee costs	Initial estimates exceeded given the necessity to retain certain members of staff for longer than anticipated to ensure complexities of the administration were managed appropriately.
Postage	Costs incurred for mail redirections.

### Expenses exceeding Original Estimate

Cost category	Explanation of negative expense variance
Security holding costs	A central cost recharged across the Group, incurred to ensure properties were secured and safe for the benefit of all administrations.
Legal fees relating to the appointment	Marginally higher than initially estimated once final billing reconciled and processed.
Agents' cost	Costs incurred in relation to successful asset realisations from IP sales (detailed in the report).
Waste disposal costs	Costs relating to site clearance, which was more complex than initially anticipated given the widespread nature of the Companies records.
Public notices	Costs incurred to meet statutory obligations not previously reported.
Postage	Costs incurred for mail redirections.

### Further Explanatory Notes:

1. SIP 9 defines expenses as amounts properly payable from the insolvency estate which are not otherwise categorised as office holders' remuneration or distributions to creditors.
2. SIP 9 defines disbursements as a type of expense which is met by, and reimbursed to, an office holder in connection with an insolvency appointment. Disbursements fall into two categories: category 1 and category 2.
  - Category 1 disbursements are payments to independent third parties where there is specific expenditure directly referable to the appointment; and
  - Category 2 disbursements are expenses which are directly referable to the appointment but not a payment to an independent third party. They may include shared and allocated costs.
