1. Introduction

1.1 Introduction

On 28 August 2018, the Royal Court of Jersey ('the Court') ordered that, pursuant to Article 155 of the Companies (Jersey) Law 1991 ('the Law'), Petrostem Group Limited ('PGL'), Petrostem International Limited ('PIL') and Petrostem Rentals Limited ('PRL') (together, 'the Companies') be placed into Just and Equitable Winding Up and that CP Dempster, SA Gardner and GD Yuill be appointed Joint Liquidators for the purposes of such winding up.

I write, in accordance with paragraph 11 of the Act of the Court under which the Joint Liquidators were appointed, to provide creditors with a report on the progress of the Liquidations. This report covers the period from 28 August 2021 to 27 February 2022 and should be read in conjunction with the Creditors' Meeting Report dated 3 October 2018 and our six month progress reports to 27 February 2019, 27 August 2019, 27 February 2020, 27 August 2020, 27 February 2021 and to 28 August 2021.

Certain statutory information relating to the Companies and the appointment of the Joint Liquidators is provided at Appendix A.

SA Gardner, CP Dempster and GD Yuill are UK licenced insolvency practitioners and, consequently, are bound by the Insolvency Code of Ethics when carrying out all professional work relating to the liquidations.

1.2 Creditors' Meeting and Liquidation Committee

By the Act of Court under which the Joint Liquidators were appointed, the Court instructed the Joint Liquidators to convene a meeting of creditors within 6 weeks of the date of appointment.

The purpose of the meeting was to lay before that meeting an account of the circumstances giving rise to the insolvency of the Companies, the Joint Liquidators' proposed strategy in relation to the liquidations and, in accordance with Article 162 of the Law, to afford creditors the opportunity to elect a Liquidation Committee.

As previously reported, the meeting was held on 4 October 2018 and no liquidation committee was elected for PGL, PIL or PRL. However, a Creditors' Steering Committee was elected in respect of the liquidations of the Companies and also of two related companies in the PPG Group.

We liaise with the Creditors' Steering Committee on a regular basis, as required, in relation to the liquidations of the Companies. In particular, we convened a first meeting of the Creditors' Steering Committee on 27 November 2018 and have provided the Committee with written updates on 20 December 2018, 6 February 2019, 17 May 2019, 30 October 2019, 29 April 2020, 28 October 2020, 30 April 2021, 28 June 2021 and 28 October 2021. We also engage with the Creditors' Steering Committee in respect of specific aspects of the liquidation of the Companies as and when required. We expect to convene a further meeting of the Committee in April 2022.

2. Conduct of the liquidations since 28 August 2021

2.1 Purpose of the liquidation

As detailed in the Creditors' Report, the Joint Liquidators strategy in respect of the insolvency of the Petrostem Group, including PGL, PRL and PIL, is to:

- ▶ Cease to trade the business of each of the entities to which the Joint Liquidators have been appointed (subject to the point noted below in relation to trade debtors);
- ▶ Collect in the trade debtor balances due to the Companies. In order to protect the collection of these trade debtor balances, the Joint Liquidators determined that it was appropriate to allow existing customers to continue to use existing equipment on hire whilst a managed handover of their rental contracts to a new supplier over an agreed period is arranged. No new rentals will, however, be commenced.
- ▶ Market for sale the individual assets, primarily the Petrostem Group's rental assets (drilling pipe).

To assist in the above the Joint Liquidators retained 20 of Petrostem Group's employees. Of these employees, 19 were paid by PIL (15 were based in Dubai and 4 in Erbil, Iraq) and one by PUK. The remaining employees of PIL (16) and PUK (2) were made redundant immediately prior to the appointment of the Joint Liquidators.

Further headcount reductions have been made throughout the period of the Liquidations and following completion of certain matters relating to customs duty for PIL in Dubai, the last employee left the business on 31 January 2020.

2.2 Asset realisations – PGL

The principal assets of PGL comprise its shareholdings in its five wholly-owned subsidiaries, intragroup receivable balances due from certain of those entities and intergroup receivables due from the Pioneer and Innospection Groups.

2.2.1 Sale of Petrostem trade name

As previously reported, the Petrostem trade name was sold to Petrostem Qatar Limited ('PQL'), a related party, for a consideration of \$20k.

2.2.2 Shareholdings in subsidiaries

As detailed in the Creditors' Report each of the entities within the Petrostem Group will be wound-down in insolvency (in the case of PIL, PRL and PUK) or on a managed business by their existing directors, subject to the supervision of the Joint Liquidators of PGL. No sums will be realised from the shareholdings of PGL's subsidiaries.

2.2.3 Intragroup and intergroup balances

A summary of the intragroup and intergroup balances due to PGL as at 28 August 2018 is provided below.

Intragroup receivable balances

	At 28 August 2018 (\$m)	Estimated recovery
Petrostem UK Limited (In Administration)	4.2	1.7% of the balance
Petrostem Asia Pte Limited	12.7	Discussed below
Petrostem Malaysia Sdn Bhd	4.7	Discussed below
Total	21.6	

The operations of both Petrostem Asia Pte Limited ('PSA') and Petrostem Malaysia Sdn Bhd ('PSM') are being wound down by their existing directors on a managed basis, subject to the supervision of the Joint Liquidators of PGL.

The principal assets of both PSA and PSM are its rental assets. These assets, together with certain of the rental assets of PPC Limited (In Official Liquidation), were sold for a total consideration of \$4.0m of which \$1.3m and \$0.7m is attributable to PSA and PSM, respectively.

The solvent liquidation of PSA has now been completed and we have recovered a further \$61k from that entity in the period. We still hold \$70k from PSA's asset realisations but will be unable to release that cash to PGL until PSA is struck off. We expect this to happen during June 2022. The liquidators of PSM have advised that they still await confirmation from the tax authorities that there is no residual tax liability and accordingly the finalisation of that liquidation has been delayed. We have, however, been able to release a further \$32k of the funds we held from PSM's asset realisations in the period. We do not expect there to be any further material realisations from PSM. To date PGL has received \$1.84m from these entities and we remain hopeful that we will be able to release the remaining \$70k in respect of realisations from the sales of the companies' rental assets when PSA is finally struck off.

Intergroup receivable balances

	At 28 August 2018 (\$m)	Comments
Pioneer Group	28.3	Discussed below
Innospection Group	2.2	Discussed below
Total	30.5	

Our previous report detailed our rejection of the settlement offer received from the Pioneer and Innospection Groups of \$0.3m in relation to the amounts due to both the PPG and Petrostem Groups (Pioneer Group - \$38.0m; Innospection Group - \$10.6m).

As previously reported, we had agreed heads of terms with an independent third party, interested in acquiring the Pioneer Group on a debt free basis. Heads of terms in respect of this transaction have been signed, and both a non-refundable deposit of \$50k (\$45k of which has been allocated to PGL) and a contribution of \$15k in respect of our legal costs received from the third party. Negotiation of the sale and purchase documentation in relation to this transaction were also at an advanced stage.

However, during the course of negotiating the sale and purchase documentation, the Pioneer Group received a \$5m tax demand from the Kurdistan Ministry of Finance and Economy in connection with its operations in Erbil. Whilst Pioneer Group is confident that the demand is an error, the discussions with the Kurdistan Ministry will take some time to resolve. The third party with whom heads of terms have been agreed is unwilling to complete its purchase of Pioneer Group until this tax demand has been resolved to its satisfaction. Further, given the uncertain timescale regarding agreement and settlement of the tax liability and the unfavourable trading conditions, the shareholder is unwilling to enter into a conditional sale agreement. We are therefore now pursuing proposals for repayment of the debt by Pioneer Group. However, the Pioneer Group have advised that they are unable to table any repayment proposals until the group's tax position has been clarified. Whilst some progress has been made with the tax authorities, it is clear that this will not be a quick process and we will, therefore, update creditors on the position in our next report.

We have received no interest in the Innospection Group and continue to consider how best to realise the substantial balance due by that Group.

We will update creditors on progress in our next report.

2.3 Asset realisations – PIL

PIL's principal assets comprise fixed assets, debtor balances due by its customers and intragroup debtor balances due to it by other entities within the Petrostem Group, and certain entities within the Petroleum Pipe Group.

2.3.1 Fixed assets

At the date of our appointment, PIL held plant, machinery and office equipment with a net book value of £nil.

IT equipment

As previously reported, PIL sold its IT equipment and software to Maxtube ME Limited, a related party, for a consideration of \$7k plus a contribution of \$2k in respect of our costs in completing the sale.

Vehicles

PIL held three vehicles at the date of appointment. All vehicles have now been sold for consideration totalling \$9k.

Plant and machinery

Offers were received and accepted for PIL's plant and machinery totalling \$8k and these sales were completed at the time of our last report.

No further realisations from fixed asset are anticipated.

2.3.2 Trade debtor balances and post-appointment trading

As at the date of our appointment, trade debtor balances due to PIL aggregated \$0.4m; and this balance has been collected in full.

Accrued income, comprising uninvoiced amounts due in respect of the rental of assets to 28 August 2018, totalled \$0.3m and, with the exception of \$2k, has been collected in full.

As detailed in the Creditors' Report, the Joint Liquidators' strategy in relation to the collection of trade debtor balances from ongoing rentals was to seek to agree with the customer a managed handover of their rental contracts. This was considered the best approach to facilitate full settlement of any receivable balances.

Consequently, PIL has invoiced post-appointment rentals aggregating \$0.2m, which have been collected in full.

2.3.3 Deposits

As at the date of appointment, PIL had paid several deposits to local authorities in the UAE totalling \$72k. As at the date of our last report, we had been able to recover \$53k in this regard. We do not expect to make any further material recoveries from these deposits.

2.3.4 Prepayments

As at the date of appointment, PIL had prepayments of \$120k relating to prepaid rent. No recoveries are anticipated.

2.3.5 Intragroup and intergroup receivable balances

As at 28 August 2018, PIL's balance sheet detailed an intragroup receivable of \$7.6m from PGL.

As detailed above, PGL is subject to Jersey liquidation proceedings and an interim distribution of \$63k has been received from the liquidation of PGL. A further recovery of c.\$20k is currently estimated.

2.3.6 VAT and tax refunds

As at the date of appointment, PIL's accounts showed that it was due a refund of \$13k in relation to pre-appointment VAT in the UAE. Returns have been submitted and a refund received of \$11k.

Prior to the appointment of the Joint Liquidators a payment was made from PIL to HM Revenue & Customs in the United Kingdom on behalf of PUK for \$6k, which was subsequently recalled. This amount was returned to PIL following the appointment of the Joint Liquidators.

2.3.7 Cash on appointment

PIL had cash at bank totalling \$0.2m held at NBF and Standard Bank at the date of appointment. This amount has been transferred into the Joint Liquidators' bank accounts.

2.4 Asset realisations – PRL

PRL is the principal asset owning entity within the Petrostem Group. Its principal assets comprise rental assets, plant and machinery, debtor balances due by its customers and intragroup debtor balances due to it by other entities within the Petrostem Group.

It also holds 100% of the shareholding in Petrostem Assets Limited ('PAL'), a non-trading subsidiary which holds few assets beyond a debt of \$2m due to it by PGL. As part of the solvent wind-down of PAL, this debt of \$2m due to PAL by PGL was assigned to PRL.

2.4.1 Transactions in advance of insolvency

As detailed in the previous progress report, prior to the appointment of the Joint Liquidators, the directors of PRL novated the contract held by PRL with RASGAS for the rental of drill pipe in Qatar to PQL for a consideration based on the profit generated from this contract until its expiry in November 2021. A non-refundable deposit in respect of this consideration of \$0.1m had been received at the date of our last report and a further \$40k has been recovered in respect of PRL's share of the trading profit from the contract in the period to 30 September 2020. We have now received the final accounts from PQL and these indicate that a further c\$97k is due to PRL for the period to the end of the profit share agreement. We anticipate receiving the final settlement shortly and this will bring total realisation from the novation to c\$237k.

Assignment of the contract also facilitated the collection in full of debtor balances and accrued income due to PRL totalling \$0.5m as at the date of the Joint Liquidators' appointment, together with an additional c\$50k relating to subrental of equipment to PQL.

2.4.2 Rental assets

As at the date of our appointment, PRL held rental assets, principally comprising drill pipe and related tools / accessories, with a net book value of \$5.6m.

As previously reported, five separate sales of assets have been agreed and completed, generating gross proceeds of \$1.0m for PRL.

In addition, there remains a further \$80k worth of assets in Egypt which had previously been consigned to a customer in Egypt. A sale of these assets had been agreed but will not complete until all the assets have been transferred back to Dubai. These assets were being shipped to Dubai in batches. However, this process has now ceased and is unlikely to resume. Given the protracted timeline and low level of potential realisations from this sale, the Joint Liquidators have decided not to pursue recovery of these assets, as the costs would likely outweigh potential realisations.

2.4.3 Other fixed assets

At the date of our appointment, PRL held plant, machinery and office equipment with a net book value of \$0.3m. These assets predominantly comprised plant and machinery located in Dubai and Saudi Arabia. The Joint Liquidators concluded sales of these assets located in Dubai for \$26k and for the assets located in Saudi Arabia for \$80k.

2.4.4 Trade debtor balances and post appointment trading

As at the date of our appointment, trade debtor balances due to PRL aggregated \$1.4m and accrued income totalled \$0.9m. To date, \$2.1m of these amounts had been collected. Although the Joint Liquidators are continuing to pursue the remaining balances, further significant recoveries are not anticipated.

As detailed in the Creditors' Report, the Joint Liquidators' strategy in relation to the collection of trade debtor balances from ongoing rentals was to seek to agree with customers a managed handover of their rental contract. This was considered the best approach to facilitate full settlement of any receivable balances. Consequently, PRL has invoiced post-appointment rentals aggregating \$0.3m. The majority of this balance, excluding two small debtor balances, has been collected in full.

2.4.5 Intragroup and intergroup receivable balances

As at 28 August 2018, PRL had intragroup receivable balances totalling \$17.0m due to it by PGL. PGL is subject to liquidation proceedings in Jersey and an interim distribution of \$142k has been received from the liquidation of PGL with a further recovery of c\$40k currently estimated. In addition, PRL has also received c\$17k in respect of the interim distribution from PGL that was due to PAL.

As at 28 August 2018, PRL had intergroup receivable balances totalling \$1.9m due to it by Petroleum Pipe Middle East FZE, a related entity. No recoveries are anticipated.

2.4.6 VAT refund

As at the date of appointment, PRL's accounts showed that it was due a refund of \$23k in relation to pre-appointment VAT in the UAE. Returns have been submitted and a refund received of \$19k.

2.4.7 Deposits and prepayments

As at the date of appointment, PRL had deposits and prepayments totalling \$29k relating to a security deposit and lease payment in respect of PRL's operations in Erbil. No recoveries are anticipated.

2.4.8 Investments

PRL has one wholly-owned investment, Petrostem Assets Limited ('PAL'). No recovery from PRL's shareholding in PAL is anticipated. However, as noted above, the debt of \$2m due by PGL to PAL has been assigned to PRL. PAL is now in the process of being dissolved.

2.4.9 Cash on appointment

PRL had cash at bank totalling \$9k at the date of appointment. This amount has been transferred into the Joint Liquidators' bank accounts. In addition, PRL held cash with BoS of \$3k which has also transferred to the Joint Liquidators.

2.5 Asset realisations for the Petrostem Group

The other insolvent entity within the Petrostem Group – Petrostem (UK) Limited (In Administration) ('PUK') - is not registered in Jersey and is subject to the insolvency proceedings in the United Kingdom. Accordingly, PUK is not within the remit of this report. Notwithstanding this, the Joint Liquidators recognise the inter-linked nature of the Petrostem Group and therefore detailed discussion of the insolvency proceedings and potential asset realisations for PUK is provided within the separate report to the creditors of PUK which is available from the following website:

<https://www.ey.com/uk/en/services/transactions/restructuring/ey-ppg-petrostem-insolvencies>

2.6 Investigations

As detailed in our previous report, the Joint Liquidators have performed a thorough review of the conduct of the directors in the lead up to the insolvency of the Companies.

The Joint Administrators continue to investigate certain matters raised by our investigations and are in correspondence with the Directors and their legal advisers in this regard.

3. Outcome for creditors

We provide below, for information, an indication of the current position with regard to creditors' claims.

3.1 Secured creditors

The principal lender to the Companies is Bank of Scotland plc (BoS). BoS had submitted formal claims against both PGL and PIL of \$28.0m. This debt comprised amounts directly owed by the Petrostem Group to BoS and amounts due to BoS by the Petrostem Group under cross-guarantees granted in favour of BoS in relation to lending to certain companies within the PPG and Maxtube Groups.

Whilst both PGL and PIL granted in favour of BoS an English law debenture, the claims submitted by BoS do not make any reference to the securities granted by either company and BoS has confirmed that it is not making any secured claim thereunder. Accordingly, BoS's claim in the liquidations of PGL and PIL will, therefore, be an unsecured non-priority claim.

As set out in our last report, following our review of the make-up of BoS's claim, BoS advised that it had overcharged interest on certain of the Banking Group's foreign exchange accounts in the period prior to our appointment. This overcharge is to be refunded by offset against various of the Banking Groups accounts with the result that BoS's unsecured non-priority claim has been adjudicated at \$26.1m against each of PGL and PIL.

BoS holds no security in relation to PRL and has not submitted a claim against this company.

3.2 Priority creditors

Neither PGL nor PRL employed any employees. Accordingly, the balance due to priority creditors for both PGL and PRL is \$Nil in respect of claims for employees' salaries and holiday pay. We are also currently not aware of any other priority creditors under the Law.

Whilst PIL paid 35 employees, their contracts of employment were held with and VISAs were issued by various entities, including some entities out with the Petrostem Group.

Priority claims in respect of unpaid holiday pay for four employees totalling \$4k have been paid in full. The receipts and payments account for PIL at Appendix D shows a payment in respect of these claims of \$3k. The balance has been paid to an employee by their new employer in Iraq and PIL is due to reimburse that company in due course.

We are currently not aware of any other priority creditors under the Law.

3.3 Unsecured non-priority creditors

On 9 December 2019, we wrote again to all known creditors of the Companies and advised them that any claims in the insolvency of the Companies required to be notified to the Joint Liquidators by 24 January 2020.

We have now adjudicated on all but three claims (including BoS). We now, therefore, anticipate that the total level of unsecured non-preferential creditors in PGL, PIL and PRL will be \$96.1m, \$40.4m and \$69.4m, respectively.

Based on the information available to us, creditors of PGL may recover c. 1.1% of the amounts due to them from its insolvency process. An interim distribution of \$800k (0.8%) was paid to unsecured non-priority creditors in February 2020.

Based on the information available to us, creditors of PIL may recover c. 0.2% of the amounts due to them from its insolvency process. No distributions have yet been made to the unsecured non-priority creditors of PIL.

Based on the information available to us, creditors of PRL may recover c. 2.7% of the amounts due to them from its insolvency process. An interim distribution of \$1.8m (2.6%) was paid to unsecured non-priority creditors in February 2020.

Further dividends will be paid when further asset realisations have been made and the various costs of the liquidations have been finalised.

3.4 Creditor claims

If you have not yet submitted a formal claim in the liquidations and you wish to participate in any future distributions, please complete and return a proof of debt form along with any supporting documentation (invoices, statements, contracts, etc.) to Gordon Wilson at this office or by email to petrostemgroup@uk.ey.com. The proof of debt form can be downloaded from the following web site:
<https://www.ey.com/uk/en/services/transactions/restructuring/ey-ppg-petrostem-insolvencies>

Certain debts due from the Companies may have priority in accordance with Article 166 of the Law. If you consider that you have a claim in this category, please advise me immediately. If you hold any security for your claim or you consider that you have title to any assets in either Companies' possession, please forward details to me as soon as possible.

Any sums due to either company arising after our appointment must be paid in full and without set-off against any debts incurred by the relevant company prior to our appointment.

4. Liquidators' receipts and payments

A summary of the Liquidators' receipts and payments for the period from 28 August 2021 to 27 February 2022 is attached at Appendix C for PGL, Appendix D for PIL, and Appendix E for PRL.

5. Costs of the liquidation, the Joint Liquidators' remuneration, disbursements and payments to other professionals

5.1 Cost of the liquidation

In accordance with Article 165 of the Law, all costs, charges and expenses properly incurred in a winding up, including the remuneration of the liquidator, are payable out of the Companies' assets in priority to all other claims.

5.2 Remuneration and disbursements

By order of the Act of Court, the Joint Liquidators are permitted to charge their remuneration and any reasonable costs, charges and expenses of the Liquidation in accordance with Article 165 of the Law.

The above, in accordance with Article 163 of the Law, is subject to agreement between the Joint Liquidators and the Liquidation Committee or, if there is no Liquidation Committee, between the Joint Liquidators and the creditors or, failing such an agreement, as is fixed by the Court.

As no liquidation committee was formed, the Joint Liquidators wrote to the general body of creditors on 11 October 2018 seeking approval for:

- ▶ Their remuneration to be fixed on the basis of time properly given at the hourly rates set out below;
- ▶ Approval to draw their disbursements;
- ▶ For the Joint Liquidators to draw, as an interim claim, their remuneration for the period from the date of their appointment to Friday 21 September 2018; and
- ▶ That the Joint Liquidators may draw their remuneration four weekly in arrears subject to the provision in advance of a statement of such costs.

These resolutions were passed by the general body of creditors on 26 October 2018.

Grade	Hourly rate (\$)	Equivalent hourly rate (£)
Partner	855	658
Executive Director / Director	700	538
Senior Manager	590	454
Manager	490	377
Senior (Level 3)	450	346
Senior (Level 1 / 2)	355	273
Analyst	210	162
Intern	185	142

Note: Equivalent hourly rate is based on exchange rate of £1 / \$1.30

To 27 February 2022, the Joint Liquidators have incurred time costs (based on the above hourly rates) of \$908,337, \$786,226 and \$773,389 in relation to PGL, PIL and PRL respectively. Attached at Appendices F, G and H are detailed analyses of these time costs.

The Steering Committee has approved our fees for the periods to 27 August 2021 in the sums of \$787,994 in respect of PGL, \$716,152 in respect of PIL and \$728,540 in respect of PRL. We have however agreed with the Steering committee that we will restrict our fees as follows:

- ▶ In respect of statutory and reporting work, we will restrict our fees to \$40,000 per annum for each of PGL, PIL and PRL from 28 August 2021 onwards;
- ▶ In respect of all other aspects of our work, we will restrict our fees to \$600,000 in respect of PGL, \$700,000 in respect of PIL and \$700,000 in respect of PRL unless the net realisations from the insolvency processes improves from that estimated at 28 October 2021. In that event, we will be entitled to draw 50% of the increased net realisations as further fees;
- ▶ Fees will only be billed where funds are available to enable payment to be made.

To date, Joint Liquidators' fees of \$506,468 have been paid in respect of PGL, \$636,007 in respect of PIL and \$660,822 have been paid in respect of PRL.

The time has principally been spent in relation to the following activities:

- ▶ Fulfilling the statutory obligations required of the Joint Liquidators including preparation of this and the previous progress report, preparation of the Creditors' Meeting Report, and notifying the Joint Liquidators' appointment to all known creditors;
- ▶ Investigating the conduct of the Directors' and the circumstances leading up to our appointment as Joint Liquidators;
- ▶ Liaising with employees of the Companies, instructing payment to them of their employment costs and addressing queries received from them;
- ▶ Liaising with customers of the Companies and facilitating a handover of existing rentals to a new supplier, addressing ongoing requirements in relation to ongoing rentals, collecting amounts due to the Companies from these customers;
- ▶ Liaising with landlords of yards at which the Companies' rental assets are held and of offices occupied by the Companies;
- ▶ Closing PIL's JAFZA-registered branch and obtaining the necessary clearances from authorities;
- ▶ Marketing for sale the rental assets of the Companies, including preparing, in conjunction with our appointed agents, an appropriate sales and marketing strategy, appropriate asset lists and marketing documents, and reviewing offers received from interested parties;
- ▶ Finalising the novation of the RASGAS contract and Petrostem trade name to PQL and monitoring trading to recover the agreed profit share;
- ▶ Creditor adjudication and addressing correspondence and queries received from creditors; and

- Calculating and making interim distributions to ordinary non-priority creditors of PGL and PRL.

Appendices F, G and H also include a breakdown of the Joint Liquidators' disbursements and a statement detailing the Joint Liquidators' policy for charging disbursements.

To 27 February 2022, the Joint Liquidators have incurred Category 1 disbursements of \$4,761, \$9,547 and \$10,223 in relation to PGL, PIL and PRL respectively.

To date, \$4,761 has been paid in respect of PGL; \$9,547 has been paid in respect of PIL; and \$10,223 has been paid in respect of PRL.

5.3 Statement of Liquidators' charging policy for remuneration

The Joint Liquidators have engaged managers and other staff to work on the Liquidations. The work required is delegated to the most appropriate level of staff taking account of the nature of the work and the individual's experience. Additional assistance is provided by accounting and treasury executives dealing with the Companies' bank accounts and statutory compliance diaries. Work carried out by all staff is subject to the overall supervision of the Joint Liquidators.

All time spent by staff working directly on case-related matters is charged to a time code established for each entity. Time is recorded in units of six minutes. Each member of staff has a specific hourly rate, which is subject to change over time. The average hourly rate for each category of staff over the period is shown at Appendices F, G and H. The current hourly rates are shown above.

5.4 Payments to other professionals

By order of the Act of Court the Joint Liquidators are permitted to engage other such professional advisors as the Joint Liquidators may deem appropriate or necessary and providing for their fees and expenses (whether incurred before or after the date on which the Companies were placed into liquidation in accordance with Article 155 of the Law) to be settled in accordance with Article 165 of the Law.

The Joint Liquidators have engaged the services of the following during the course of the liquidations:

Name of firm	Nature of service	How contracted to be paid
Pinsent Masons LLP	Legal advisors – UK and UAE	Time costs
CMS Cameron McKenna Nabarro Olswang LLP	Legal advisors – UK	Time costs
Carey Olsen	Legal advisors – Jersey and Cayman Islands	Time costs
ANM Group	Asset safeguarding and realisation strategy	Time costs
Dean Foster (former director of the Petrostem Group)	Asset marketing and realisation	Combination of day rate and commission

Calash Limited	Energy sector strategy consultants	Time costs
Wallbrook Advisory Limited	Diligence	Time costs
Wynterhill LLP	Legal advisors - UK	Time costs

6. Other matters

6.1 Future conduct of the liquidations

The Joint Liquidators will continue to manage the affairs, business and property of the Companies to achieve the purpose of the liquidations. This will include, inter alia:

- ▶ Collecting in the remaining trade debtor balances due to PRL;
- ▶ Realising the intragroup and intergroup debts due to the Companies;
- ▶ In their capacity as Joint Liquidators of PGL, monitoring the managed wind-down of the other subsidiaries of PGL, most notably PSA and PSM, and liaising with any liquidators thereof;
- ▶ Dealing with corporation tax and VAT matters, which includes filing returns;
- ▶ Dealing with creditor enquiries;
- ▶ Completing our investigations into the conduct of the directors in the lead up to the insolvency of the Companies;
- ▶ Where possible, making distributions to unsecured creditors;
- ▶ Ensuring all statutory reporting and compliance obligations are met; and
- ▶ Finalising the liquidations of the Companies, including payment of all liquidation liabilities.

6.2 The end of the liquidations

At the end of the liquidations the Joint Liquidators shall apply to the Court to close the liquidations and will send a notice to that effect to the Jersey Registrar of Companies. The Companies will be dissolved shortly after registration of the notice.

6.3 Matters to be brought to the attention of the Joint Liquidators

In accordance with Article 184 of the Law, the Joint Liquidators are required to report possible misconduct to the Attorney General.

If there are any matters concerning the Companies' affairs which you consider may require investigation and consequently should be brought to our attention, please forward the details to me in writing as soon as possible.

6.4 Reporting

I will report to you again at the conclusion of the Liquidations or in six months' time, whichever is the sooner.

The report will be made available on the following website:

<https://www.ey.com/uk/en/services/transactions/restructuring/ey-ppg-petrostem-insolvencies>

Should you wish to discuss any aspect of this report, please contact Gordon Wilson on 0131 777 2305.

Yours faithfully
for the Companies

Gavin Yuill
Joint Liquidator

C P Dempster and G D Yuill are licensed in the United Kingdom to act as an Insolvency Practitioner by The Institute of Chartered Accountants of Scotland. S A Gardner is licensed in the United Kingdom to act as an Insolvency Practitioner by The Institute of Chartered Accountants in England and Wales.

The Joint Liquidators may act as data controllers of personal data as defined by the UK General Data Protection Regulation (as incorporated in the Data Protection Act 2018), depending upon the specific processing activities undertaken. Ernst & Young LLP and/or the Companies may act as a data processor on the instructions of the Joint Liquidators. Personal data will be kept secure and processed only for matters relating to the Joint Liquidators appointment. The Office Holder Data Privacy Notice can be found at www.ey.com/uk/officeholderprivacy.

Appendix A Statutory information

Company Information

Company Name:	Petrostem Group Limited – in Liquidation Petrostem Rentals Limited – in Liquidation Petrostem International Limited – in Liquidation
Registered Office Address:	c/o Ernst & Young LLP Liberation House Castle Street St Helier Jersey, JE1 1EY

Joint Liquidators' charging policy for disbursements

Statement of Insolvency Practice No. 9 divides disbursements into two categories.

Category 1 disbursements are defined as specific expenditure relating to the administration of the insolvent's affairs and referable to payment to an independent third party. Such disbursements can be paid from the insolvent's assets without approval from the Liquidation Committee or the general body of creditors. In line with Statement of Insolvency Practice No. 9, it is our policy to disclose Category 1 disbursements drawn but not to seek approval for their payment. We are prepared to provide such additional information as may reasonably be required to support the disbursements drawn.

Category 2 disbursements are charges made by the office holder's firm that include elements of shared or overhead costs. Statement of Insolvency Practice No. 9 provides that such disbursements are subject to approval as if they were remuneration. It is our policy, in line with the Statement, to seek approval for Category 2 disbursements before they are drawn.

Joint Liquidators' charging policy for disbursements

Statement of Insolvency Practice No. 9 divides disbursements into two categories.

Category 1 disbursements are defined as specific expenditure relating to the administration of the insolvent's affairs and referable to payment to an independent third party. Such disbursements can be paid from the insolvent's assets without approval from the Liquidation Committee or the general body of creditors. In line with Statement of Insolvency Practice No. 9, it is our policy to disclose Category 1 disbursements drawn but not to seek approval for their payment. We are prepared to provide such additional information as may reasonably be required to support the disbursements drawn.

Category 2 disbursements are charges made by the office holder's firm that include elements of shared or overhead costs. Statement of Insolvency Practice No. 9 provides that such disbursements are subject to approval as if they were remuneration. It is our policy, in line with the Statement, to seek approval for Category 2 disbursements before they are drawn.
