Dear Sir or Madam

## **Prohire Limited (in Administration) ('the Company')**

I write further to my letter dated 8 September 2025 attaching our proposals and notice of deemed approval.

As creditors have not requisitioned a decision on the proposals and a creditors' committee has not been formed, we are now seeking approval from the secured creditors and a decision from the preferential creditors for the basis of our remuneration and Category 2 expenses and approval to draw unpaid pre-administration costs incurred with a view to the Company entering Administration.

I enclose formal notice of a decision by correspondence on these matters, together with a voting form and notice of claim form.

Please also find attached a further copy of our proposals, a fee estimate and details of expenses and a summary of our receipts and payments to 31 March 2026 to assist you in your decision relating to our remuneration and costs:

Should you have any queries relating to the enclosed documents or any other aspect of the administration, please do not hesitate to contact Ayse Hassan at this office.

Yours faithfully  
for the Company

T Vance  
Joint Administrator

NOTICE IS HEREBY GIVEN that the Joint Administrators of the above-named company are seeking decisions from preferential creditors by correspondence on the following matters:

1. That the Joint Administrators' remuneration be fixed on the basis of time properly given by them and their staff in dealing with matters arising in the Administration as set out in the fee estimate dated 23 April 2026
2. That, in accordance with the provisions of Rule 3.52 of the Insolvency (England and Wales) Rules 2016, the payment of unpaid pre administration costs as disclosed in the Joint Administrators' statement of expenses and proposals to creditors can be met as an expense of the Administration.
3. That the category 2 expenses disclosed in the Joint Administrators' statement of expenses and proposals are permitted to be drawn by the Joint Administrators.

Rule 3.39(4) of the Insolvency (England and Wales) Rules 2016 provides that at any time when an administrator seeks a decision from creditors and a creditors' committee has not already been formed, creditors must be invited to decide whether to establish a creditors' committee if sufficient creditors are willing to be members of the committee. A formal invitation and nomination form is attached.

Creditors wishing to vote on the basis of remuneration, including any creditors who have opted out of receiving notices but nonetheless wish to vote, must complete and return the attached voting form and claim form, and return them to me by post to 12 Wellington Place, Leeds, LS1 4AP or email to [Prohireadministration@uk.ey.com](mailto:Prohireadministration@uk.ey.com) to be received no later than 23:59 hours on **18 May 2026 (the decision date)**. Votes in respect of claim forms received after this time will be disregarded.

Creditors whose debts may be treated as small debts in accordance with Rule 14.31(1) of the Insolvency (England and Wales) Rules 2016 must still deliver a claim form if they wish to vote.

A creditor may apply to court to appeal a decision on eligibility to vote in the decision procedure. Any appeal must be made no later than 21 days after **the decision date**.

Creditors who meet the thresholds set out in section 246ZE of the Insolvency Act 1986 (namely 10% in value of creditors, 10% in number of creditors or 10 creditors) may, within five business days from the date of delivery of this notice, require a physical meeting to be held to consider the proposed resolution on remuneration.

## Invitation to form a creditors' committee

Creditors are invited to decide whether a creditors' committee should be formed if sufficient creditors are willing to be members of the committee. Information on the role of committees can be found at <https://www.r3.org.uk/media/documents/publications/professional/R3-Guide-to-Creditors-Committees.pdf>

To be validly established, a committee must have at least three and not more than five members, who must have agreed to act.

Should you wish to form a committee, please follow the instructions in the nomination form attached to this notice and return the completed nomination form, with written agreements to act where appropriate, to me at the above address to arrive no later than **18 May 2026**. Nominations can only be accepted if I am satisfied as to the creditor's eligibility under Rule 17.4 of the Insolvency (England and Wales) Rules 2016.

4. VAT bad debt relief may usually be claimed six months after the date of supply.

## Extracts from the Insolvency (England and Wales) Rules 2016:

### 15.31 Calculation of voting rights

- (1) Votes are calculated according to the amount of each creditor's claim -
  - (a) in an Administration, as at the date on which the Company entered Administration, less -
    - (i) any payments that have been made to the creditor after that date in respect of the claim, and
    - (ii) any adjustment by way of set-off which has been made in accordance with rule 14.24 or would have been made if that rule were applied on the date on which the votes are counted; ...
- (4) Where a debt is wholly secured its value for voting purposes is nil.
- (5) Where a debt is partly secured its value for voting purposes is the value of the unsecured part.
- (6) However, the value of the debt for voting purposes is its full value without deduction of the value of the security in the following cases -
  - (a) where the Administrator has made a statement under paragraph 52(1)(b) of Schedule B1 and the administrator has been requested to seek a decision under paragraph 52(2); ...
- (7) No vote may be cast in respect of a claim more than once on any resolution put to the meeting; and for this purpose (where relevant), the claim of a creditor and of any member State liquidator in relation to the same debt are a single claim.
- (8) A vote cast in a decision procedure which is not a meeting may not be changed.
- (9) Paragraph (7) does not prevent a creditor or member State liquidator from -
  - (a) voting in respect of less than the full value of an entitlement to vote; or
  - (b) casting a vote one way in respect of part of the value of an entitlement and another way in respect of some or all of the balance of that value.

### 15.32 Calculation of voting rights: special cases

- (1) In an Administration, a creditor under a hire-purchase agreement is entitled to vote in respect of the amount of the debt due and payable by the Company on the date on which the Company entered Administration.
- (2) In calculating the amount of any debt for the purpose of paragraph (1), no account is to be taken of any amount attributable to the exercise of any right under the relevant agreement so far as the right has become exercisable solely by virtue of -
  - (a) the making of an Administration application;
  - (b) a notice of intention to appoint an Administrator or any matter arising as a consequence of the notice; or
  - (c) the Company entering Administration.

Dear Sir or Madam

**Prohire Limited and Prohire Group Limited (both in Administration)  
(together ‘the Companies’)**

I write further to my appointment as Joint Administrator of the above Companies and attach a copy of my Statement of Proposals (“the Proposals”) in accordance with paragraph 49 of Schedule B1 to the Insolvency Act 1986.

As you will note from the Proposals, there is no prospect of any funds becoming available to unsecured creditors other than by virtue of the prescribed part. As a consequence, I do not propose to seek a decision on approval of the Proposals from creditors.

Creditors whose debts amount to at least 10% of total debts of the Companies may requisition a decision (either by a decision procedure or deemed consent procedure) on approval of the Proposals if they deliver to me, within 8 business days of the date of delivery of these Proposals, a request which fulfils the requirements of Rule 15.18 of the Insolvency (England and Wales) Rules 2016 (the Rules). In accordance with Rule 15.19 of the Rules, I may require a deposit as security for payment of the expenses associated with convening a decision procedure or deemed consent procedure and will not be obliged to initiate the procedure until I have received the required sum.

In the event that a decision is not requested by creditors under paragraph 52(2)(c) of the Insolvency Act 1986, the Proposals will be deemed to be approved.

The basis of the Joint Administrators’ remuneration, Category 2 disbursements and unpaid pre-Administration costs incurred with a view to the Companies entering Administration, will be agreed with the secured creditors and the preferential creditors in accordance with the provisions of Rule 18.18 and Rule 3.52 of the Insolvency (England and Wales) Rules 2016.

As we are not yet able to prepare an accurate estimate of our costs, we do not propose to seek fee approval at this stage. We will therefore issue our fee estimates and seek approval for these costs at a later date.

Should you have any queries relating to this letter or any other aspect of the Administration, please do not hesitate to contact me at [prohireadministration@uk.ey.com](mailto:prohireadministration@uk.ey.com).

Yours faithfully

# 1. Introduction, background and circumstances giving rise to the appointment

## Introduction

On 27 June 2025 the Companies entered Administration with Timothy Vance and Samuel James Woodward being appointed to act as Joint Administrators. The appointment was made by the Companies' Directors under the provisions of paragraph 22(2) of Schedule B1 to the Insolvency Act 1986.

This document, including its appendices, constitutes the Joint Administrators' Statement of Proposals to creditors pursuant to paragraph 49 of Schedule B1 to the Insolvency Act 1986 and Rule 3.35 of the Insolvency (England and Wales) Rules 2016.

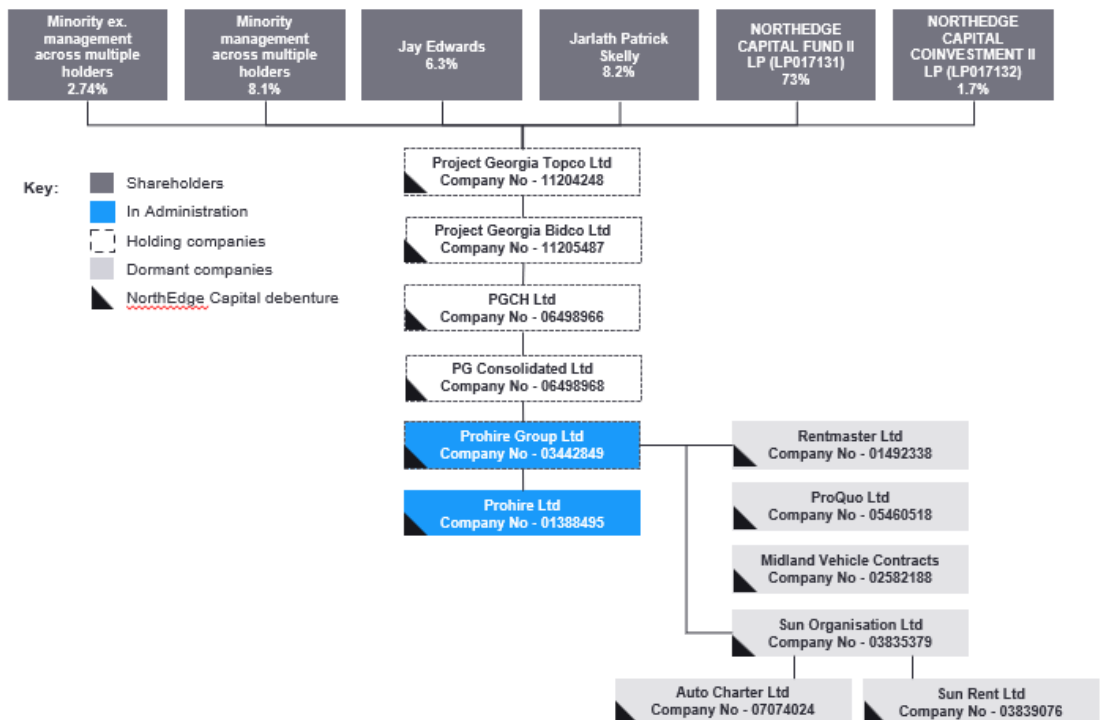

Certain statutory information relating to the Companies and the appointment of the Joint Administrators is provided at Appendix A.

## Background and Group structure

Prohire Group Limited was incorporated on 1 October 1997 and was a non-trading parent company to Prohire Limited and the following six other subsidiaries:

- Rentmaster
- ProQuo
- Midland Vehicle Contracts
- Sun Organisation
- Auto Charter
- Sun Rent

The summary group structure is presented below:

At the time of writing no group companies other than PHL and PGL have entered insolvency proceedings and therefore remain under the control of their directors, albeit it is understood that all are dormant and/or holding companies.

PHL operated as a provider of contract hire, fleet management and rental services and had a fleet of c.3,400 vehicles across multiple locations within Stoke-on-Trent and Tunbridge Wells.

The majority of the fleet was subject to various financing agreements provided by 23 separate vehicle funders.

PHL was the main trading entity and no other trading took place within the Group.

The statutory directors of PHL are Pat Skelly (Chief Executive Officer), Susan Shardlow (Chief Financial Officer), Jay Edwards (Managing Director), Dean Bailey (Operations). Pat Skelly and Jay Edwards are also the statutory directors of PGL.

At the date of appointment there were 88 employees across the Group, with 83 employed directly by PHL and five (primarily directors) employed by PGBL.

### Recent financial performance

The Companies' summary financial performance for the last three financial years ended 31 March is shown below. Please note that PGL was a non-trading parent company and did not independently generate any revenue.

**Circumstances Giving Rise to the Appointment of the Joint Administrators**

The Group had become loss making in recent years, which was contributed to by a number of factors including:

- ▶ Contraction in margins on contract hire sales, placing pressure on trading performance and profitability; and
- ▶ Significant losses on the disposal of vehicles. Losses on the disposal of the vehicles totalled £1.5m in FY25 alone.

The above factors contributed to the Group identifying a need for additional funding to meet ongoing cashflow requirements.

EY was initially engaged on 20 May 2025 to support a request for additional funding from the Group's shareholders, NEC.

During EY's engagement NEC provided £1.1m of capital injections to support short-term liquidity (£500k in mid-May and an additional £600k in early June) and provide some additional time for the Group to develop a three-year business plan.

The output of this business plan indicated an additional funding requirement of approximately £4-5m (plus suitable headroom) was required.

The Group subsequently entered into discussions with its shareholder and largest vehicle funder to seek the additional funding required.

These negotiations continued during June 2025, however, unfortunately it was ultimately not possible to obtain the necessary additional funding from these parties.

By the time this became clear all of the cash previously injected by NEC in May/June 2025 to support the ongoing process had been absorbed. This meant that the Group had insufficient funds remaining to continue trading and no reasonable prospect of additional funds being secured on necessary timescales. The Companies' directors therefore concluded during week commencing Monday 23 June 2025 that the Companies would need to enter an insolvency process.

As a result, the respective directors of the Companies resolved to appoint Timothy Vance and Samuel James Woodward as Joint Administrators of the Companies.

Following a short period of discussion between the proposed Joint Administrators and NEC to agree a funding agreement for the Administrations (see details below), a Notice of Intention to Appoint Joint Administrators was filed at Court on the evening of Wednesday 25 June 2025 and sealed by the Court at 10am on Thursday 26 June 2025.

Subsequently, on Friday 27 June 2025 the Companies entered Administration under the provisions of paragraph 22(2) of Schedule B1 to the Insolvency Act 1986.

### **Pre-Administration Costs**

Unpaid pre-administration time and costs have been incurred by the Joint Administrators, DWF LLP (the Group's lawyers) and CBR Advisory Limited (Interim CFO) in the period prior to our appointment, relating to work undertaken to plan for and place the Companies into Administration. Further information can be found in Appendix D to these Proposals.

## 2. Purpose, conduct and end of Administration

### Purpose of the Administration

The purpose of an Administration is to achieve one of three objectives:

- a. To rescue the company as a going concern;
- b. To achieve a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration);
- c. To realise property in order to make a distribution to one or more secured or preferential creditors

Insolvency legislation provides that objective (a) should be pursued unless it is not reasonably practicable to do so or if objective (b) would achieve a better result for the company's creditors as a whole. Objective (c) may only be pursued if it is not reasonably practicable to achieve either objective (a) or (b) and can be pursued without unnecessarily harming the interests of the creditors of the company as a whole.

It was not possible to pursue objective (a) given the significant liabilities and additional funding requirement of the Companies, also taking into account the discussions already held prior to the appointment of Joint Administrators with the Group's majority shareholder and principal vehicle funder.

Therefore the Joint Administrators are pursuing objective (b) in respect of PHL, namely to achieve a better result for the Companies' creditors as a whole than would be likely if the Companies were wound up (without first being in Administration), and objective (c) in respect of PGL, namely to realise property in order to make a distribution to the Companies' secured creditor.

If objective (b) proves to be unachievable for PHL the Joint Administrators would seek to pursue objective (c), realising property in order to make a distribution to the Companies' secured and preferential creditors.

### Conduct of the Administrations

#### *On appointment*

The Joint Administrators concluded that it was not possible to continue trading the Companies in Administration due to the following factors:

- ▶ PHL had been loss making in the run-up to Administration and this was expected to continue;
- ▶ Substantial ransom positions were expected with several suppliers considered critical to ongoing supply;
- ▶ There was insufficient funding available to meet estimated ongoing liabilities. In this regard, shortly prior to their appointment the Joint Administrators held discussions with the Companies' largest vehicle funder to determine if it had an appetite to underwrite a period of ongoing trading, or an alternative orderly wind-down process, which may have mitigated the impact of an immediate cessation of trade. The vehicle funder confirmed that it did not have an appetite to fund such a process;
- ▶ There was no guarantee that ongoing trading for PHL would have led to a better outcome for the Companies' creditors;

- ▶ PGL was dormant prior to our appointment and only held the Group's freehold property.

Therefore, PHL ceased to trade immediately upon appointment and since this time the strategy set out below has been implemented.

### ***Employees***

Unfortunately, as a result of the cessation of trading 54 employees of PHL were made redundant on 30 June 2025 (all employees had been paid up to this date prior to appointment).

The remaining 29 employees were retained to assist the Joint Administrators implement the Administration strategy described below, realise assets and generally discharge their statutory duties.

Staff numbers were reduced as tasks were completed and/or leasehold sites vacated, with all remaining staff being made redundant on Friday 8 August 2025.

### ***Interested parties***

Following their appointment the Joint Administrators and their team engaged with several parties who expressed interest in acquiring certain of the Company's business and assets.

Non-disclosure agreements ("NDA's") were sent out to 11 parties. A standard pack of information was sent to parties who returned a signed NDA.

A deadline for offers was set for Friday 4 July 2025 at 10am to quickly understand any benefit there could be to the insolvent estate from progressing bidder interest further.

Five offers were received, all of which were for various (but not all) of PHL's vehicles/assets (ie, no credible interest from any party in acquiring / continuing the business as a whole).

Having analysed the offers it was clear that offer values were below associated vehicle funder settlement values or required further time and/or conditionality to fully develop. Work had also been undertaken prior to appointment that indicated the Companies' fleet of vehicles likely had no or only very limited equity, which bidder offers confirmed.

This meant that in the absence of (i) funders supplying the Joint Administrators with immediate material up-front funding on a non-recourse basis to continue to progress bids and generate net benefit to the insolvent estate; or (ii) material movement in offer values, (both of which were considered unlikely) there would be nil value returned to the insolvent estate from the Joint Administrators progressing bids further.

Therefore, the Joint Administrators concluded it would not be in the best interests of creditors to pursue these bids further. However, details of offers received were shared with the relevant vehicle funders to enable continued discussions should they wish to pursue them to mitigate their losses.

### ***Leasehold exits***

Once it became apparent that interested party offers could no longer be viably progressed the Joint Administrators sought to mitigate the costs of the Administration by taking steps to exit PHL's four leasehold premises at Stoke-on-Trent and Tunbridge Wells.

In order to facilitate these exits we appointed Hilco to take possession of a small number of unencumbered assets that remained on these leasehold sites.

Once these assets had been collected each leasehold site was exited, all associated staff were made redundant and a surrender of the leases was offered to the relevant landlords.

As part of this process we shared with vehicle funders and landlords details regarding any known assets subject to lender finance that remained on site to facilitate subsequent collection.

### ***Transfer of vehicle ownership / RFL refunds***

Once the conclusion was reached that there was no equity in PHL's financed fleet, the Joint Administrators liaised with all vehicle funders (or their appointed agents) to agree a process to change the registered keeper of vehicles subject to funder security that were in PHL's name at the date of appointment.

This has required the collation and sorting of approximately 3,000 V5 documents, and regular liaison with each of PHL's 23 vehicle funders or their appointed agents.

In order to cover costs and generate benefit to the insolvent estate of this process, the Joint Administrators agreed administrative charges with each funder for this service. Total amounts generated from these charges are c.£56k plus VAT, all of which has been received.

The transfer process also has the added benefit to PHL of automatically generating refunds of any prepaid RFL from the DVLA at the point of transfer.

At the time of writing approximately 2,700 vehicles have successfully been transferred to vehicle funders or their nominated alternatives, generating RFL refunds of c.£0.4m.

This leaves approximately 300 vehicles still to transfer, which we continue to work with alongside the relevant vehicle funders / agents. In many instances this requires new or replacement logbooks to be ordered from the DVLA, which are being funded by vehicle funders on an as required basis.

### ***Debtors***

Trade debtors in PHL totalled c.£2.7m at the date of appointment. A further £0.8m has been invoiced following our appointment, all of which relates to services provided prior to the appointment of Joint Administrators. No amounts have been invoiced to customers in relation to periods following our appointment given the cessation of trade.

We continue to assess the collectability of debtors and have appointed JP Associates Limited, a debt collection specialist, to assist in the collection process. We will continue to pursue outstanding debts where we believe it is commercially viable to do so.

As at 6 August 2025, c.£189k has been realised as shown in the receipts and payments account at Appendix C. Since this time a further c.£147k has been realised.

### ***Unencumbered vehicles***

PHL's records indicated that there were 22 unencumbered vehicles at appointment, of which nine were located at Company sites and 13 were with customers.

We have appointed Hilco to advise on the sale of these vehicles.

As stated above, Hilco arranged for eight of the unencumbered vehicles located at PHL's leasehold sites to be collected to facilitate an exit from these sites. These vehicles have subsequently been sold to third party purchasers for a total of £25,000 plus VAT, which was in line with Hilco's initial desktop valuations.

Hilco has also engaged directly with customers who retained possession of the remaining unencumbered vehicles to discuss a sale or alternative collection of the vehicles. To date

seven of these vehicles have been sold for total consideration of £87,000 plus VAT, with discussions in relation to the remainder ongoing with the relevant customers.

### ***Cash at date of appointment***

Prior to our appointment PHL operated one primary bank account with Barclays. We understand this account was used for receipt of all funds from customers and all payments to suppliers.

At the date of appointment c.£0.6m was held in this bank account. These funds continue to be held by Barclays and are not currently accessible to the Administrators.

We continue to liaise with Barclays regarding these funds and will provide further updates in this regard in subsequent reports to creditors.

### ***Freehold property***

PGL owns a freehold property in Stoke-on-Trent (“the Property”) which prior to our appointment was utilised as the Group’s head office.

Once all on-site matters are complete and the site has been vacated the Joint Administrators intend to market the Property for sale, and have appointed Hilco to act as our property agents in this regard.

We have also appointed Moorcroft Property Group to ensure the Property remains secure and compliant with insurance requirements during the period of marketing.

### ***Other matters***

The Joint Administrators have or will undertake the following matters as part of their Administration strategy:

- ▶ Open cover insurance was put in place with Aon at appointment and appropriate insurance cover will be retained throughout the Administration periods;
- ▶ A small number of retention of title claims have been received from suppliers. The Joint Administrators will work through and assess each claim on its individual merits. We understand in this regard that several major stock suppliers attended site prior to our appointment and took back possession of any consignment stock and/or stock on site in lieu of outstanding payments;
- ▶ Several items of plant and machinery were financed by third party funders, none of which are expected to have net equity. If these assets are located on PGL’s freehold site we will arrange for them to be returned to the relevant suppliers. If assets are located on leasehold sites details have been shared with landlords where available to facilitate return of the assets;
- ▶ A small amount of stock held in mobile technician vans at appointment has been repatriated and will be realised in due course. The Joint Administrators intend to appoint agents to manage this process on their behalf;
- ▶ The Joint Administrators will review any other assets on the Companies’ balance sheets at appointment and take steps to recover any potentially realisable balances where economically viable.

### **Asset realisations**

Asset realisations summarised below relate to PHL. The only asset in PGL is the freehold property as outlined above.

### ***Transfer of vehicle ownership***

The Joint Administrators have received administrative charges from certain vehicle funders, associated with the process of collating V5 documents and transferring registered keeper status of vehicles, totalling c.£56k plus VAT.

### ***RFL refunds***

RFL refunds received to date total approximately £0.4m. RFL refunds are issued as individual cheques with the majority of these being received in late July / early August 2025 following the transfer being completed.

The Joint Administrators are currently in the process of sorting and banking cheques received in compliance with bank policies, with £3k having been banked and cleared as at 6 August 2025, the date of the Joint Administrators receipts and payment account.

Further cheques continue to be received from the DVLA and will be banked upon receipt.

### ***Debtors***

As stated above, as at 6 August 2025 c.£189k had been received in relation to debtors. A further c.£145k has been realised since this time and efforts continue to realise further amounts where economically viable alongside our appointed agents JP Associates.

### ***Unencumbered vehicles***

As at 6 August 2025 a total of £70k plus VAT has been received from unencumbered vehicles. A further £17k plus VAT of sales has also been subsequently agreed.

Hilco continues to liaise with customers who retain possession of the PHL's remaining unencumbered vehicles.

### ***Funding agreement***

An amount of £130k has been drawn down from the funding agreement agreed with NEC prior to our appointment.

These funds have been partially utilised to meet expenses of the Administration incurred since appointment (eg, payroll, IT costs, property costs etc).

The funding agreement is non-interest bearing and non-recourse in nature, meaning these funds will only be repaid to NEC if there are sufficient asset realisations remaining once all other expenses of the Administrations have been settled.

### **Joint Administrators' receipts and payments**

A summary of the Joint Administrators' receipts and payments for the period from 27 June 2025 to 6 August 2025 is attached at Appendix D.

### **Approval of the Joint Administrators' Proposals**

The Joint Administrators are of the opinion that the Companies have insufficient property to enable a distribution to be made to unsecured creditors and consequently, in accordance with the provisions of paragraph 52(1)(b) of Schedule B1 to the Act, they do not intend to seek decisions of the creditors of the Companies on the approval of the Proposals.

The Joint Administrators will be obliged to seek a decision of the creditors of either or both of the Companies' if requested to do so by creditors of the company concerned whose debts amount to at least 10% of the total debts of the relevant Company. The request must be delivered within 8 business days of the date on which these proposals are delivered to creditors (or such longer period as the court may allow) and must include the information required by Rule 15.18 of the Insolvency (England and Wales) Rules 2016.

In accordance with Rule 15.19 of the Rules, the Joint Administrators may require a deposit as security for payment of the expenses associated with convening a decision procedure or deemed consent procedure and will not be obliged to initiate the procedure until they have received the required sum.

### **Future conduct of the Administrations**

Future tasks will include, but may not be limited to, the following:

- Completing the process of transferring the registered keeper status of vehicles subject to vehicle funder security that remain in PHL's name, including receiving and banking any associated RFL refunds;
- Collecting debtor balances due to PHL alongside our appointed agents JP Associates;
- Working with Hilco to realise value in the Companies' remaining unencumbered vehicles;
- Working with Barclays to release monies held in the pre appointment bank account;
- Investigating and taking steps to recover any outstanding balances due from related entities (if any) where commercially viable and in the interests of the Companies' creditors;
- Taking all such steps as the Joint Administrators deem appropriate to realise value from the Companies' remaining assets;
- Distributing amounts to primary preferential and secondary preferential creditors (as applicable);
- Review, adjudicate and settle retention of title claims (as applicable);
- Any ongoing liaison with the landlords of PHL's leasehold properties (as applicable);
- Dealing with unsecured creditor queries;
- Reviewing and adjudicating unsecured creditor claims (as applicable);
- Assisting redundant employees with any claims against the Redundancy Payments Office and/or the Companies (as applicable);
- Dealing with corporation tax and VAT matters, which includes filling statutory returns;
- Carrying out investigative procedures, including investigating the conduct of the Company's directors leading up to the Joint Administrators' appointment in accordance with the requirements of SIP2 and making submissions to the Insolvency Service as required by law;
- Ensuring all statutory reporting and compliance obligations are met;
- Finalising the Administrations including payment of all Administration liabilities;

- If the Joint Administrators deem it appropriate, to seek an extension and/or further extensions to the Administrations from the Companies' creditors and/or the Court; and
- Any other actions required to be undertaken by the Joint Administrators in order to fulfil the purpose of the Administrations.

### **The end of the Administrations**

It is currently considered unlikely that there will be sufficient funds at the end of either of the Administrations to make a distribution to non-preferential, unsecured creditors of the Companies.

If there are sufficient funds in either or both the Companies then it is proposed that, at the end of the Administration, the company concerned will move straight into CVL upon the filing with the Registrar of Companies of a notice pursuant to paragraph 83 of Schedule B1 to the Insolvency Act 1986. It is proposed that the liquidators will be Timothy Vance and Samuel Woodward of Ernst & Young LLP and that any act required or authorised under any enactment to be done by the liquidators may be done by either or both of them.

In accordance with paragraph 83(7) of Schedule B1 to the Insolvency Act 1986 and Rule 3.60(6)(b) of the Insolvency (England and Wales) Rules 2016, creditors may nominate a different person as the proposed liquidator, provided that the nomination is made after the receipt of these proposals and before the proposals are approved. It should be noted in this regard that a person must be authorised to act as an insolvency practitioner in order to be appointed as liquidator.

If there are insufficient funds at the end of either or both the Administrations to make a distribution to non-preferential, unsecured creditors, the Joint Administrators of the company concerned will send a notice to that effect to the Registrar of Companies. On registration of the notice, the Joint Administrators' appointment in respect of the company or Companies will come to an end. In accordance with the provisions of paragraph 84(6) of Schedule B1 to the Insolvency Act 1986, the company or Companies will be deemed to be dissolved three months after the registration of the notice.

### 3. Statement of Affairs

The Directors submitted their Statement of Affairs (“SoA”) as at 27 June 2025 for PHL and PGL on 21 July 2025. Summaries are attached at Appendix B, including a list of creditors for both Companies.

We would comment that several of the asset values have yet to be determined and may be lower than indicated. Similarly, several creditor claims have yet to be quantified and may be higher than indicated. Additionally, the values are shown before applicable costs of realisation.

We provide below an indication of the current position with regard to the Companies’ creditors’ claims based on the information provided in the SoA. The figures have been compiled by Companies’ directors and have not been subject to independent review or statutory audit.

#### **Secured creditors**

Barclays holds fixed and floating charge security in relation to various ancillary facilities (eg, BACS facilities, credit cards etc), albeit was not owed anything by the Companies at appointment.

NEC also holds fixed and floating charge security, which we understand ranks behind Barclays. The SoA indicates that NEC had total indebtedness of c.£9.3m. Whilst not a direct liability of PHL or PGL, this amount is cross guaranteed by the Companies and also other group companies.

#### **Primary preferential creditors**

Claims from employees in respect of accrued but unpaid arrears of pay up to £800, accrued but unpaid holiday and certain pension benefits, rank preferentially and in priority to other preferential creditors (see below). These claims are therefore referred to as ‘primary preferential creditors’.

The amount of primary preferential creditors as at the date of appointment is estimated to be c.£49.7k in PHL and £nil in PGL.

Based on current estimates, we anticipate that primary preferential creditors will receive a distribution in the PHL Administration, albeit the exact amount able to be distributed remains uncertain. In addition, we are awaiting the submission of final primary preferential claims. The Joint Administrators will provide an update on the timing of any dividends in their first six monthly progress report.

#### **Secondary preferential creditors**

Claims from HMRC in relation to VAT, PAYE and employees’ National Insurance Contributions rank preferentially, but secondary to the employee primary preferential creditors above. These claims are therefore referred to as ‘secondary preferential creditors’.

Based on the information contained in the Director’s Statement of Affairs for PHL and PGL, we estimate the amount of secondary preferential claims at the date of our appointment to be c.£807k in PHL and £nil in PGL.

On current estimates, we anticipate that secondary preferential creditors will suffer a shortfall in the PHL Administration. The quantum and timing of any dividend payment is dependent on future asset realisations and submission of final primary and secondary preferential claims.

The Joint Administrators will provide an update on the timing of any dividends in their first six monthly progress report.

### **Non-preferential creditors**

Non-preferential unsecured creditors are estimated to be in the region of c.£28.0m for PHL and c.£19.6m for PGL. The final figure for total non-preferential creditor claims will not be known until all claims have been received and adjudicated and it is possible that this figure may be higher or lower than this.

The Joint Administrators continue to receive claims from non-preferential unsecured creditors.

On current estimates we anticipate that there will be insufficient funds to enable a dividend to non-preferential creditors of either PHL or PGL. We will provide an update on the expected non-preferential creditor position in the Joint Administrators' first six monthly progress report to creditors.

## 4. Prescribed part

The prescribed part is a proportion of floating charge assets set aside for unsecured creditors pursuant to section 176A of the Insolvency Act 1986. The prescribed part applies to floating charges created on or after 15 September 2003.

The secured lender's floating charge was created after 15 September 2003. Consequently, section 176A of the Insolvency Act 1986 will apply to these Administrations.

However, the Joint Administrators estimate, to the best of their knowledge and belief, that:

- The value of each of the Companies' net property is £nil; and,
- The value of the prescribed part in each of the Companies is therefore estimated to be £nil.

Accordingly, we currently do not expect there will be a distribution to the non-preferential creditors of the Companies via a Prescribed Part distribution. However, should additional funds become available to allow a distribution, we will report to creditors in due course.

The Joint Administrators do not intend to make an application to the court under section 176A(5) of the Act for an order not to distribute the prescribed part in any of the Companies (as we estimate this to be £nil).

## 5. Joint Administrators' remuneration and disbursements and payments to other professionals

### Remuneration

The statutory provisions relating to remuneration are set out in Chapter 4, Part 18 of the Insolvency (England and Wales) Rules 2016. Further information is given in the Association of Business Recovery Professionals' publication 'A Creditors' Guide to Administrators' Fees', a copy of which may be accessed from the web site of the Institute of Chartered Accountants in England and Wales at <https://www.icaew.com/en/technical/insolvency/creditors-guides> or is available in hard copy upon written request to the Joint Administrators.

In the event that a creditors' decision is not requested and a creditors' committee is not formed, the Joint Administrators will seek to have the basis of their remuneration fixed on a time-cost basis by the secured creditor(s) and if the Joint Administrators intend to make a distribution to preferential creditors, the preferential creditors in accordance with Rule 18.18(4) of the Rules.

As we are not yet able to prepare an accurate estimate of our costs, we do not propose to seek fee approval at this stage. We will therefore issue our fee estimates and seek approval for these costs at a later date.

### Disbursements

Disbursements are expenses met by and reimbursed to the Joint Administrators. They fall into two categories: Category 1 and Category 2. The fee estimate and statement of expenses will include details of the Category 1 and 2 disbursements which are expected to be incurred.

Category 1 disbursements are payments to independent third parties where there is expenditure directly referable to the administration. Category 1 disbursements can be drawn without prior approval.

Category 2 disbursements are expenses that are directly referable to the administration but not to a payment to an independent third party. They may include an element of shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis.

Category 2 disbursements require approval in the same manner as remuneration. In the event that a creditors' decision is not requested, and a creditors' committee is not formed, the Joint Administrators will seek the approval of the secured creditor(s) and preferential creditors to charge Category 2 disbursements in accordance with the statement of expenses included in the fee estimates which will be issued at a later date.

### Payments to other professionals

The Joint Administrators have engaged the following other professionals to assist them. They were chosen on the basis of their experience in similar assignments and/or their specialist knowledge of the market.

No fees have been paid to date.

Name of service provider	Description of services	Reasons for choosing the service provider
DWF Law LLP ("DWF")	Legal services	DWF were involved with the Companies prior to EY's involvement as its legal advisor therefore had prior knowledge of the legal affairs and business.
AON UK Limited	Insurance	The Joint Administrators and EY in general

("AON")		<p>have used AON on multiple previous insolvency appointments and therefore have a well-established relationship and are aware of the quality of their work and reliability of their agents.</p> <p>Their fees are also reasonable and in line with expectations.</p>
Hilco Appraisal Limited ("Hilco")	Asset valuation	<p>The Joint Administrators and EY in general have worked with Hilco on multiple previous insolvency appointments and therefore have a well-established relationship and are aware of the quality of their work and reliability of their agents.</p> <p>Their fees are also reasonable and in line with expectations.</p>
JP Associates Limited ("JPA")	Debt collection	<p>The Joint Administrators and EY in general have worked with JPA on multiple previous insolvency appointments and therefore have a well-established relationship and are aware of the quality of their work and reliability of their agents.</p> <p>Their fees are also reasonable and in line with expectations.</p>
Moorcroft Property Group ("Moorcroft")	Vacant property specialist services	<p>The Joint Administrators have instructed Moorcroft to secure PGL's freehold site in Stoke-on-Trent.</p> <p>The Joint Administrators and EY in general have worked with Moorcroft on previous insolvency appointments and therefore have a well-established relationship and are aware of the quality of their work and reliability of their agents.</p> <p>Their fees are also reasonable and in line with expectations.</p>

## 6. Pre-administration costs

### Pre-administration costs

The Joint Administrators will be seeking approval for payment of unpaid pre-administration costs totalling £50,554.50 plus VAT and £847.95 plus VAT of expenses incurred pre-administration. The payment of unpaid pre-administration costs as an expense of the Administration is subject to approval under Rule 3.52 of the Rules, and not part of the Proposals subject to approval under paragraph 53 of Schedule B1 to the Insolvency Act 1986. This means that they must be approved separately from the Proposals and the Joint Administrators will seek approval for the payment of these costs as separate resolutions at the same time as the fee estimates and the statement of expenses are circulated under separate correspondence in due course.

A breakdown of the total pre-administration costs incurred and amounts paid pre-administration is attached at Appendix D. Further information is provided below.

EY was engaged by the PHL and PGTL under an engagement agreement dated 20 May 2025 to undertake financial advisory and liquidity analysis. EY was then subsequently engaged to perform contingency planning work ahead of a potential Administration appointment. EY has unpaid pre-appointment costs totalling £31,605.00 plus disbursements of £396.56.

The work undertaken pre-appointment related to the following matters:

- Assessing the likely strategy which the Joint Administrators might implement;
- Liaising with key stakeholders to understand any support which may have been available for trading the business in Administration;
- Understanding the key risks in respect of trading PHL in Administration and how to mitigate these;
- Reviewing cashflow forecasts and applying corresponding sensitivities based on latest information made available, to assess how much cash the Companies may need to continue trading in Administration;
- Estimating the Administration funding requirement (based on information provided by the Companies and experience of similar situations);
- Reviewing PHL's debtor position and agreeing initial communications and collection strategy;
- Collating information from the Companies' books and records to determine the level of liabilities and creating an up-to-date list of unsecured creditors;
- Liaising with directors to determine the Companies' position with other related entities;
- Briefing engagement staff on the administration strategy and corresponding workstreams;
- Discussions with Management immediately prior to appointment regarding the core team of staff to be retained to assist the Joint Administrators with their strategy for the business;
- Reviewing and preparing documents for appointment, including consents to act and associated documents;

- Preparing documents to be issued and read to employees, media and suppliers immediately following the appointment, including scripts for employee meetings, press releases and communications to suppliers and customers.;
- Liaising with the Companies' legal advisors regarding the potential appointment of the Joint Administrators.

#### **Pre-appointment costs incurred by DWF**

As well as the Joint Administrators' fees and expenses, the Joint Administrators will also seek approval for payment of unpaid pre-administration costs to DWF. The payment of these unpaid pre-administration costs as an expense of the Administration is subject to approval under Rule 3.52 of the Rules and not part of the Proposals subject to approval under paragraph 53 of Schedule B1 to the Insolvency Act 1986. This means that they must be approved separately from the Proposals and the Joint Administrators will seek approval for the payment of these costs as a separate resolution at the same time as the fee estimate and statement of expenses are circulated under separate correspondence in due course.

DWF were engaged to provide legal advice in advance of the Companies entering Administration, including in relation to assisting the Companies' directors with the preparation and lodging of the HR1 and the appointment documentation. DWF's unpaid time costs for this work totalled £16,649.50 plus VAT and disbursements of £155.80 plus VAT in the relevant pre-administration period.

#### **Pre-appointment costs incurred by CBR Advisory Limited**

As well as the Joint Administrators' fees and expenses, the Joint Administrators will also seek approval for payment of unpaid pre-administration costs to CBR Advisory Limited (see below). The payment of these unpaid pre-administration costs as an expense of the Administration is subject to approval under Rule 3.52 of the Rules and not part of the Proposals subject to approval under paragraph 53 of Schedule B1 to the Insolvency Act 1986. This means that they must be approved separately from the Proposals and the Joint Administrators will seek approval for the payment of these costs as a separate resolution at the same time as the fee estimate and statement of expenses are circulated under separate correspondence in due course.

Chris Rooney of CBR Advisory Limited was engaged as Interim CFO prior to the Companies entering Administration. In the days prior to Administration Mr Rooney assisted the Joint Administrators plan for the impending insolvency appointment via provision of various pieces of information to support the Joint Administrators' pre-appointment planning, as well as supporting ongoing discussions with Directors around immediate contingency planning tasks, such as staff and lender communications. CBR's unpaid costs for this work totalled £2,595.59 plus VAT.

\*Note the costs in the pre-administration phase related entirely to Prohire Limited and there will be no request for pre-administration costs to be paid relating to Prohire Group Limited.

Unpaid pre-Administration costs are costs which had not been paid at the date of Administration are still outstanding and are subject to approval under Rule 3.52 of the Insolvency (England and Wales) Rules 2016.

Unpaid pre-Administration costs are not part of the proposals subject to approval under paragraph 53 of Schedule B1 of the Insolvency Act 1986. This means that they must be approved separately from the proposals. Further information on the way in which approval will be sought for unpaid pre-Administration costs is set out in section 6 of this document

## Prohire Limited (in Administration) (“the Company”)

### Estimate of remuneration to be charged

The Joint Administrators will be seeking approval for their remuneration to be fixed on a time cost basis. In accordance with Rule 18.16(4) of the Insolvency (England and Wales) Rules 2016, they set out below their estimate of remuneration to be charged.

The estimate of remuneration is £2,269,184 plus VAT (based on standard rates previously provided in the Joint Administrators first progress report dated 19 January 2026). However, based on current and estimated future realisations, we propose to seek approval of our remuneration on a discounted rate card in the amount of £1,347,758. This rate card is in line with rates agreed with the Company for work conducted prior to the Joint Administrators appointment.

An explanation of how this sum has been arrived at is set out below and a breakdown of the expected costs by grade of staff and key activity is attached on the following pages. However, the amount that will be available to the Joint Administrators to draw as remuneration will be restricted by the level of fixed and floating charge realisations after deducting appropriate expenses.

Based on current estimates, it is likely that a distribution will be available for primary and secondary preferential creditors however, the quantum and timing of this distribution cannot be determined at this stage. It is not anticipated that there will be sufficient realisations to enable a distribution to floating charge holders.

### Explanation of the work proposed to be undertaken

The work undertaken can be categorised as either required by the Joint Administrators to fulfil their statutory duties pursuant to the Insolvency Act 1986 and Insolvency (England and Wales) Rules 2016 or to realise assets for the benefit of the creditors.

## Pre-administration costs

The Joint Administrators are seeking approval for payment of unpaid pre administration costs totalling £50,545.50 (plus VAT) and £847.95 plus VAT of unpaid expenses. These costs refer to the Joint Administrator's fees for contingency planning pre-appointment, as described below.

### Pre-appointment costs incurred by EY

EY was engaged by the PHL and PGTL under an engagement agreement dated 20 May 2025 to undertake financial advisory and liquidity analysis. EY was then subsequently engaged to perform contingency planning work ahead of a potential Administration appointment.

The work undertaken pre-appointment related to the following matters:

- Assessing the likely strategy which the Joint Administrators might implement;
- Liaising with key stakeholders to understand any support which may have been available for trading the business in Administration;
- Understanding the key risks in respect of trading PHL in Administration and how to mitigate these;
- Reviewing cashflow forecasts and applying corresponding sensitivities based on latest information made available, to assess how much cash the Company may need to continue trading in Administration;
- Estimating the Administration funding requirement (based on information provided by the Company and experience of similar situations);
- Reviewing PHL's debtor position and agreeing initial communications and collection strategy;
- Collating information from the Company's books and records to determine the level of liabilities and creating an up-to-date list of unsecured creditors;
- Liaising with directors to determine the Company's position with other related entities;
- Briefing engagement staff on the administration strategy and corresponding workstreams;
- Discussions with Management immediately prior to appointment regarding the core team of staff to be retained to assist the Joint Administrators with their strategy for the business;

- Reviewing and preparing documents for appointment, including consents to act and associated documents;
- Preparing documents to be issued and read to employees, media and suppliers immediately following the appointment, including scripts for employee meetings, press releases and communications to suppliers and customers.;
- Liaising with the Company's legal advisors regarding the potential appointment of the Joint Administrators.

As well as the Joint Administrators' fees and expenses, the Joint Administrators are seeking approval for payment of unpaid pre-administration costs to DWF and CBR Advisory Limited set out below.

**Pre-appointment costs incurred by DWF Law LLP ("DWF")**

DWF were engaged to provide legal advice in advance of the Company entering Administration, including in relation to assisting the Company's directors with the preparation and lodging of the HR1 and the appointment documentation. DWF's unpaid time costs for this work totalled £16,649.50 plus VAT and disbursements of £155.80 plus VAT in the relevant pre-administration period.

**Pre-appointment costs incurred by CBR Advisory Limited ("CBR")**

Chris Rooney of CBR was engaged as Interim CFO prior to the Company entering Administration. In the days prior to Administration Mr Rooney assisted the Joint Administrators plan for the impending insolvency appointment via provision of various pieces of information to support the Joint Administrators' pre-appointment planning, as well as supporting ongoing discussions with Directors around immediate contingency planning tasks, such as staff and lender communications. CBR's unpaid costs for this work totalled £2,595.59 plus VAT.

## **Estimate of return for creditors**

We currently estimate the following returns for creditors:

### **Secured creditors**

Barclays holds fixed and floating charge security in relation to various ancillary facilities (eg, BACS facilities, credit cards etc), albeit was not owed anything by the Company at appointment.

NEC also holds fixed and floating charge security, which we understand ranks behind Barclays. The SoA indicates that NEC had total indebtedness of c.£9.3m. Whilst not a direct liability of PHL, this amount is cross guaranteed by the Company and also other group companies.

### **Primary preferential creditors**

Claims from employees in respect of accrued but unpaid arrears of pay up to £800, accrued but unpaid holiday and certain pension benefits, rank preferentially and in priority to other preferential creditors (see below). These claims are therefore referred to as 'primary preferential creditors'.

The amount of primary preferential creditors as at the date of appointment is estimated to be c.£49.7k in PHL.

Based on current estimates, we anticipate that primary preferential creditors will receive a distribution in the PHL Administration, albeit the exact amount able to be distributed remains uncertain. In addition, we are awaiting the submission of final primary preferential claims. The Joint Administrators will provide an update on the timing of any dividends in their first six monthly progress report.

### **Secondary preferential creditors**

Claims from HMRC in relation to VAT, PAYE and employees' National Insurance Contributions rank preferentially, but secondary to the employee primary preferential creditors above. These claims are therefore referred to as 'secondary preferential creditors'.

Based on the information contained in the Director's Statement of Affairs for PHL, we estimate the amount of secondary preferential claims at the date of our appointment to be c.£540 in PHL.

On current estimates, we anticipate that secondary preferential creditors will suffer a shortfall in the PHL Administration. The quantum and timing of any dividend payment is dependent on future asset realisations and submission of final primary and secondary preferential claims.

The Joint Administrators will provide an update on the timing of any dividends in their next progress report.

### **Non-preferential creditors**

Non-preferential unsecured creditors are estimated to be in the region of c.£28.0m for PHL. The final figure for total non-preferential creditor claims will not be known until all claims have been received and adjudicated and it is possible that this figure may be higher or lower than this.

The Joint Administrators continue to receive claims from non-preferential unsecured creditors.

On current estimates we anticipate that there will be insufficient funds to enable a dividend to non-preferential creditors of either PHL. We will provide an update on the expected non-preferential creditor position in the Joint Administrators' next six-monthly progress report to creditors.

## **Prescribed Part**

The prescribed part is a proportion of floating charge assets set aside for unsecured creditors pursuant to section 176A of the Insolvency Act 1986. The prescribed part applies to floating charges created on or after 15 September 2003.

The secured lender's floating charge was created after 15 September 2003. Consequently, section 176A of the Insolvency Act 1986 will apply to these Administrations.

However, the Joint Administrators estimate, to the best of their knowledge and belief, that:

- The value of the Company's net property is £nil; and,
- The value of the prescribed part in the Company is therefore estimated to be £nil.

Accordingly, we currently do not expect there will be a distribution to the non-preferential creditors of the Company via a Prescribed Part distribution. However, should additional funds become available to allow a distribution, we will report to creditors in due course.

The Joint Administrators do not intend to make an application to the court under section 176A(5) of the Act for an order not to distribute the prescribed part (as we estimate this to be £nil).

## **Exceeding estimates of remuneration and expenses**

These estimates may be exceeded, in which case an explanation will be provided in the appropriate progress report. The Joint Administrators will only draw remuneration in excess of the estimate with the prior agreement of the approving body, in accordance with Rule 18.30 the Insolvency (England and Wales) Rules 2016.

**Dated 23 April 2026**
