Tracking and completing the required forms in your investment markets can be a challenging task, especially since tax authorities worldwide are applying stricter requirements to obtain relief at source (RAS) and reclaim withholding tax.

We have developed the foreign tax form completion service (FTFC), which helps enable you to track, complete and access practical advice with respect to global withholding tax forms and market openings. Our dedicated team also can assist with obtaining a certificate of residence (e.g., Form 6166 Certification of US Tax residency).
